

Warm inversion layer  
traps sound

The diagram illustrates the concept of a temperature inversion. At the top, a dark, stormy sky contains a bright lightning bolt striking downwards. Below this, a horizontal orange band represents the 'Warm inversion layer'. Underneath this layer is a lighter blue area labeled 'Cooler air'. At the bottom, a black silhouette of a city skyline is visible. A central circle contains the text 'Lightning produces thunder'. From this circle, four red arrows with dashed lines radiate outwards, reflecting off the top surface of the inversion layer, which demonstrates how sound waves are trapped and reflected back towards the ground.

Cooler air

Lightning  
produces  
thunder
