Mind of Winter William Bevis,2010-11-23 Bevis addresses the most puzzling and least studied aspect of Wallace Stevens poetry detachment Stevens detachment often associated by readers with asceticism bareness or withdrawal is one of the distinguishing and pervasive characteristics of Stevens poetic work Bevis argues that this detachment is meditative and therefore experiential in origin Moreover the meditative Stevens of spare syntax and clear image is in constant tension with the romantic imaginative Stevens of dazzling metaphors and exuberant flight Indeed for Bevis Stevens is a poet not of imagination and reality but of imagination and reality but of imagination and meditation in relation to reality
