[Love Spells that Work!](#) Dayanara Blue Star, 2015-03-29. There are as many love spells as there are people who wish to cast them. The most powerful spells are those that influence the chakras, spiritual pathways of another, or create love bonds between two souls. These spells can be challenging and even dangerous, however, so it is often better to rely on magic that embraces the natural world and only subtly creates the opportunity for others to recognize one's inner beauty. There are also spells that rely on a magical focus, like stones, candles, or mirrors, in order to draw the inherent magical forces into a shape moldable by the spellcaster. This manner of spell has been in use for ages and even in an increasingly cynical society, which has largely turned its back on the spirit world, persists today because of their proven effectiveness. There are spells crafted to find the love of others and to open
