

No More Excuses No Procrastination

Procrastination is the act of delaying or putting off tasks until the last minute, or past their deadline.

3 HACKS ON HOW TO STOP PROCRASTINATING

TRICK YOUR BRAIN INTO TAKING ACTION

Entrepreneur Mel Robbins discovered a hack when she created her famous 5-Second Rule. She encourages her followers to countdown to action after realizing that the simple act of saying (out loud) "5 - 4 - 3 - 2 - 1!" can spur you into action where nothing else will – not all the reasoning and therapy in the world.

THE TWO-MINUTE RULE

Don't let small tasks bog you down. For every to-do that lands in your inbox, immediately assess the time you expect it to take. If it's less than 2 minutes, do it right now.

ONE TASK AT A TIME

Being overwhelmed is another common cause of procrastination. Breaking a big project or goal into smaller pieces makes it easier to tackle – and psychologically far less daunting on how to stop procrastinating.

and make fewer excuses This is the plan you've needed all along Learn how to stop procrastination with this excellent guide Buy it now and be more productive Chapter 1 Sample What's Procrastination It is the action of delaying work that needs to be accomplished as soon as possible It can also be referred to as the practice of diverting attention to things that are less important than the work at hand It is natural that humans find it difficult to concentrate on a relevant matter that needs their attendance It could be attributed to either work pressure or merely a lousy attention span Sometimes it is also due to a mere habit of delaying things until they become super urgent In most cases there is a deadline that needs to be met People tend to delay matters until the last minute before that said deadline The above definition of procrastination mentions the word work This work could be from any area of your life Be it picking up your daughter from her school or attending an important meeting we have a habit of putting off things off until the deadlines start ringing bells Stages of Procrastination Trivializing The first stage of procrastination is trivializing When we are under stress and looking for replacements we naturally tend to convince ourselves that the vital matter at hand is of little or no importance We soothe our minds and tell ourselves that we need not worry We somehow persuade ourselves that the matter is not worth stressing over and our mental resources are better off being spent elsewhere This is called trivializing Distraction After having successfully reduced the importance of the super important work we then look for substitutes Procrastination is never successful without alternatives being up for grabs We search for easy replacements for the work we were supposed to be doing Such replacements could range from a television series binge watching session to hanging out with a group of friends Our Books Covers the follow Topics Stop Procrastination How to Stop Procrastinating Procrastination cure Stop Procrastination Procrastination equation Procrastination puzzle Procrastination hypnosis Procrastination motivation *Freedom to Soar* Tolani Brendan Mosweu, 2006 What do you want most Is it financial freedom lasting relationships healthy lifestyle and happiness Well Probably you have wondered what is it that makes other people achieve whatever they want in life while others stay below average And chances are you would be interested in finding out the reasons The difference lies in what each person knows and how he or she makes use of that knowledge Good News You don't have to wonder anymore Success leaves clues and this book was written specifically for people like you and will guide you step by step through principles of prosperity that have helped many achieve their dreams of financial freedom Let's face it you could do better with more money in your bank account On top of that you could also enjoy free time with your family if you know how to work smart If that sound like what you really need just pause take a deep breath and imagine how the application of what you are just about to learn will change your life It's never too late to be the person you always wanted to be You can achieve your dreams and visions if you only know how And that is why this book is worth your investment To use the word unique would be probably unjust however let me say this book is not a get rich quickly hype This book reveals a tremendous wealth of valuable information on how you too can change your life from lack into a life of abundance The principles discussed in this

book are tested and proven and with time will help you achieve whatever you want in life It s true this could just be the missing key you have always wanted to start a life of Nothing missing and Nothing broken True Prosperity Applying the principles you will learn in this book could result in you enjoying a more abundant lifestyle without sacrificing anything that you value your health your relationships your freedom and happiness Take it from me life just got better You will learn how to Harness the power of your thought life and start thinking like a millionaire Set your goals and achieve them Gather a team of people interested in helping you achieve your dreams Use your time wisely and productively Tap into your creative power and have people wanting to give you money for your ideas And many more other ways to help you achieve your lifetime success

Stop Procrastination Benjamin Wilson,2014-08-12 Stop Procrastination How to Stop Procrastinating Today and Earn Back Your 1 072 Hours Per Year Are you a procrastinator The average American is estimated to procrastinate almost 3 hours every single day Have you ever had an assignment due at the end of the week and found yourself wasting time until literally the very last minute How much of this time do you spend on activities that don t take you towards your goals But you are always able to rationalize with yourself that everything is fine and you can just start tomorrow I mean we would all like to get more things done and become productive in achieving our goals But procrastinators are naturally driven put off those important tasks and let them slip through the cracks I can understand this because I was a procrastinator once too until I finally had enough Develop Knowledge Psychological understanding and 10 Power Habits to Obliterate Your Life Goals The good news is that it s not too hard to stop procrastinating In this great book is 10 Power Habits to finally stop procrastinating and earn back 1072 hours a year I reveal the 3 biggest influencers to why 95% of people procrastinate and proceed to solve them for you We investigate these procrastination factors with interesting details and examples in order to get a thorough understanding that it is not your fault that you are a victim of these 3 procrastination factors pain and pleasure overwhelm and laziness But after this book you can now be in control of these factors instead of them being in control of you I then have specifically dedicated up to 4 Power Habits to each factor in order to obliterate your bad procrastination habits and replace them with new ones Preview or purchase my book now to see each of these habits in detail What is NOT in this book for a good reason In this book I am not going to advise you to use any of the mainstream common solutions that simply do not work You will not hear about strategies and habits about setting SMART Goals Capturing ideas using the ABCDE method or the 43 Folders system These fancy names sound great but when put into practice they are futile I am also not going to tell you any of the generic advice most likely from fellow procrastinators that you have probably heard over a hundred times and such as Batching Similar Tasks and setting up Monthly or Weekly Reviews The reason why most of the time these strategies don t work is because they don t motivate or educate you on the underlying causes of why you procrastinate These strategies are like putting a Band Aid over your snakebite They are tacky solutions that don t address the real problem If stopping procrastination overcoming laziness and revolutionising your
