The Life of Captain James Cook Arthur Kitson, 2015-12-28 James Cook the Circumnavigator was a native of the district of Cleveland Yorkshire but of his ancestry there is now very little satisfactory information to be obtained Nichols in his Topographer and Genealogist suggests that James Cooke the celebrated mariner was probably of common origin with the Stockton Cookes His reason for the suggestion being that a branch of the family possessed a crayon portrait of some relation which was supposed to resemble the great discoverer He makes no explanation of the difference in spelling of the two names and admits that the sailor's family was said to come from Scotland Dr George Young certainly the most reliable authority on Cook's early years who published a Life in 1836 went to Whitby as Vicar about 1805 and claims to have obtained much information about his subject through intercourse with his relatives friends and acquaintances including one or two surviving school companions and appears to be satisfied that Cook was of Scotch extraction Dr George Johnston a very careful writer states in his Natural History of the Eastern Borders that in 1692 the father of James Thomson the author of The Seasons was minister of Ednam Roxburghshire and a man named John Cook was one of the Elders of the Kirk This John Cook married on the 19th January 1693 a woman named Jean Duncan by whom he had a son James baptised 4th March 1694 and this child Johnston positively asserts was afterwards the father of the future Captain Cook The dates of the marriage and baptism have been verified by the Reverend John Burleigh minister of Ednam and they agree with the probable date of the birth of Cook's father for he died in 1778 at the age of eighty five Owing to the loss of the church records for some years after 1698 Mr Burleigh is unable to trace when this James Cook left Ednam to better himself but he would take with him a testificate of church membership which might possibly but not probably still exist Attracted perhaps by the number of Scotch people who flocked into the north of Yorkshire to follow the alum trade then at its height James Cook settled down and married and the

first positive information to be obtained is that he and his wife Grace her maiden name has so far escaped identification though she is known to have been a native of Cleveland resided for some time at Morton in the parish of Ormsby and here their eldest child John was born in January 1727 Dr Young says that James Cook had a superstition that his mother's farewell was prophetic of his marriage for her words were God send you Grace [The Life of Captain James Cook. \[Adapted and Abridged from the Biography of Andrew Kippis.\]](#) James Cook,1820 **Captain James Cook** Richard Bowen,2014-10-21 Captain James Cook is one of the most famous explorers of all time His discoveries include parts of Australia islands in the Pacific and parts of the Hawaiian Islands Cook sailed to distant places from Antarctica to New Zealand making maps and collecting information as he travelled Today we remember Captain Cook for his major discoveries and his leadership of his crew Learn the story of one of the most important explorers in history in Captain James Cook British Explorer *The Life of Captain James Cook. Barnett,2020-10-14 Maritime historian and researcher James K Barnett transcribed two extraordinary little known journals from Captain James Cook's third exploratory voyage They offer remarkable eyewitness accounts at the time of initial European contact the first reasonably accurate maps of North America's west coast the earliest comprehensive report from the Bering Sea ice pack and the dramatic story of Cook's death at Kealakekua Bay Astonishing for accounts of landings along Hawai'i Vancouver Island and Alaska both chronicles languished in Australian archives for over a century Barnett adds context and commentary to complete the story Commissioned by the British Admiralty Cook set sail in July 1776 to confirm the outline of North America's Pacific coastline and search for the elusive Northwest Passage The expedition's sailing ships the Resolution and the Discovery traveled to the South Seas then chanced upon the Hawaiian Islands before reaching the Oregon coastline and the Arctic Cook chose to winter in the Hawaiian archipelago where he died in a skirmish His crews made a second attempt to find the coveted route then returned to England after more than four years at sea James Burney was first lieutenant on the Discovery Active in shore parties and chart preparation he saw Cook's death from the ship's deck One of the few accounts from the consort vessel his writing provides new details and important thoughtful impressions of North and South Pacific people and places Working under the notorious William Bligh Henry Roberts was Master's Mate on

the Resolution performing essential hydrographic and cartographic tasks He was a few feet away when Cook was killed His well illustrated logbook includes coordinates tables of routes and records of weather at sea but also lively accounts of shore excursions Illustrations include maps and drawings as well as images by the expedition s official artist John Webber *Capt. James Cook, Navigator* Phillip Oliver, Desmond Freeman Associates, National Maritime Museum (Great Britain), 1988\* **In Search of Captain Cook** Dan O'Sullivan, 2008-03-30 Captain James Cook was the greatest explorer of his age perhaps of any age He was a leader of men a master voyager who journeyed to unknown places a seeker of knowledge who commanded three demanding scientific expeditions He and his crews had encounters with peoples of the South Seas which could lead to mutual respect and trade but also to misunderstanding and violence Even before he died his exploits were widely admired But his death at the hands of Hawaiians turned him into a legendary figure a hero of the Enlightenment who was said to have brought civilization to the Pacific while giving up his own life in the process Yet despite everything that is known about Cook s life and many adventures the man himself remains shrouded in mystery With this book Dan O Sullivan seeks to put this right and casts vivid light on Cook s character teasing out his personality from the pages of his own journals As well as an original and illuminating re examination of Cook s complex character this is also a vivid introduction to his life and times which is essential reading for anyone with an interest in this incomparable sea captain Captain Cook Haydn Middleton, 1998 James Cook grew up on a farm but his secret dream was to be a sailor He wanted to travel as far as it was possible for man to go James s three great voyages of discovery took him from Australia to the Arctic further than anyone else had sailed before His explorations filled in the last empty space on the map of the world The Life of Captain James Cook Andrew Kippis, 1788 **A Compendious History of Captain Cook's First and Second Voyages, etc. (A Compendious History of Captain Cook's Last Voyage, etc.) [Edited by George Kearsley.]** James Cook, 1784

*Captain Cook* W. H. G Kingston, 2020-02-06 Captain Cook is a classic and definitive biography of the great English explorer Captain James Cook by W H G Kingston This Captain Cook history is not a series of fictitious adventures of the great Captain Cook the eighteenth century navigator and explorer but a straightforward statement of his life and achievements It is therefore more of a biography than an adventure book for boys However the man was so great that his biography can indeed be read as a well written book of adventures Captain James Cook FRS was a British explorer navigator cartographer and captain in the Royal Navy Cook made detailed maps of Newfoundland prior to making three voyages to the Pacific Ocean during which he achieved the first recorded European contact with the eastern coastline of Australia and the Hawaiian Islands and the first recorded circumnavigation of New Zealand Cook joined the British merchant navy as a teenager and joined the Royal Navy in 1755 He saw action in the Seven Years War and subsequently surveyed and mapped much of the entrance to the Saint Lawrence River during the siege of Quebec This helped bring Cook to the attention of the Admiralty and Royal Society This notice came at a crucial moment in both Cook s career and the direction of British overseas

exploration and led to his commission in 1766 as commander of HM Bark Endeavour for the first of three Pacific voyages. In three voyages Cook sailed thousands of miles across largely uncharted areas of the globe. He mapped lands from New Zealand to Hawaii in the Pacific Ocean in greater detail and on a scale not previously achieved. As he progressed on his voyages of discovery he surveyed and named features and recorded islands and coastlines on European maps for the first time. He displayed a combination of seamanship, superior surveying and cartographic skills, physical courage, and an ability to lead men in adverse conditions. Cook was attacked and killed in 1779 during his third exploratory voyage in the Pacific while attempting to kidnap a Hawaiian chief in order to reclaim a cutter stolen from one of his ships. He left a legacy of scientific and geographical knowledge which was to influence his successors well into the 20th century, and numerous memorials worldwide have been dedicated to him.
