Strangers House:

A Stranger's House Bret Lott,1999 For years Claire and Tom Templeton have wished for a child only to be consoled with a charming old Cape Cod house As Claire works to rebuild the home she begins to understand its tangled history Her discovery forces her to reconcile her past and to renew her hope for the future

Founding Fictions Amy Boesky,1996 A cultural history of utopian writing in early modern England Founding Fictions traces the development of the genre from the publication of Thomas More s Utopia 1516 through Aphra Behn s Oroonoko 1688 Amy Boesky sees utopian literature rising alongside new social institutions that helped shape the modern English nation While utopian fiction explicitly advocates a reorganization of human activity which appears liberal or progressive utopias represent reform in self critical or qualitative ways Early modern utopias Boesky demonstrates are less blueprints for reform than they are challenges to the very possibility of improvement After an initial discussion of More s Utopia Boesky devotes subsequent chapters to Francis Bacon s New Atlantis the Civil War Utopias of Gabriel Plattes Samuel Gott and Gerrard Winstanley Margaret Cavendish s Blazing world and Henry Neville s Isle of Pines Relating the English public school to More s Utopia and early modern laboratories to Bacon s New Atlantis Boesky shows how utopists explored the formation of cultural identity through new institutional models Utopias of the 1640s and 1650s are read against new emphasis on work as the panacea for social ills Cavendish s Blazing world is seen as reproducing and reassessing restoration centers of authority in the court and theater and finally Neville s Isle of Pines and Behn s Oroonoko are read as interrogating the authorities of the English colony Despite widely divergent backgrounds says Boesky these utopists shared a sense that national identity was shaped less by individuals than by institutions which they praise for producing trained and trainable citizens instilled with the values of the modern state obedience discipline and order While the utopia tells its story partly to justify the goals of colonialism and to enforce differences in class gender and race it also tells a concurrent and less stable story that criticizes these ventures and exposes their limitations

The Project of Prose in Early Modern Europe and the New World Elizabeth Fowler,Roland Greene,1997-06-28 What were the possibilities of prose as a literary medium in the sixteenth and seventeenth centuries And how did it operate in the literary and social world The Project of Prose in Early Modern Europe and the New World brings together ten essays by leading scholars of the literatures of England Spain France Italy Portugal and the colonial Americas to answer these questions in wide ranging ways Several of the essays shed light on landmark prose works of the period some discuss what lesser known writings reveal about the medium others move between the literary and the non literary to reflect on the medium s intersections with history fiction subjectivity the state science and other aspects of social and cultural life Overall this 1997 collection will provoke an international reconsideration of the remarkable visibility and diversity of the medium of prose in the early modern period

Rich,2023-07-13 *The Promise of Welfare in the Postwar British Novel* offers a new literary history of the Second World War and its aftermath by focusing on wartime visions of rebuilding Britain Shifting attention from the People s War to the People s Peace this book shows that literature returns to the historic transition from warfare to welfare to narrate its transformative social potential and darker failures The welfare state envisioned that managing individuals private lives would result in a more coherent and equitable community a promise encapsulated in the 1942 Beveridge Report s promise of care from the cradle to the grave The postwar novel reveals the intimate effects that follow when infrastructures of collective living seek to organize social interaction tracing these effects through quasi administrated home spaces such as girls hostels makeshift sanatoria and experimental schools Mid century writers including Elizabeth Bowen Muriel Spark and Samuel Selvon used the militarized Home Front to present postwar Britain as a zone of lost privacy and new collective logics As the century progressed and as the unrealized dreams of welfare came to be dismantled authors including Alan Hollinghurst Michael Ondaatje and Kazuo Ishiguro registered an unfulfilled nostalgia for a Britain that never was situating British domestic policies within trajectories of historic and social violence Contemporary fiction continues to reanimate the transition from a warfare state to a welfare state preserving its transformative potential while redefining its possible futures With this long view of postwar fiction this volume demonstrates the holding power of welfare s promises of repair and Britain s mid century on the British cultural imagination **An Anecdotal History of the British Parliament** George Henry Jennings,1883
