The Lost Forest Envelope Library:

The Lost Forest Martha Hackman,1991-08 **Patriotic Envelopes of the Civil War** Steven R. Boyd,2010-11 During the Civil War private printers in both the North and South produced a vast array of envelopes featuring iconography designed to promote each side's war effort Many of these covers featured depictions of soldiers prominent political leaders Union or Confederate flags Miss Liberty Martha Washington or even runaway slaves at least fifteen thousand pro Union and two hundred fifty pro Confederate designs appeared between 1861 and 1865 In *Patriotic Envelopes of the Civil War* the first book length analysis of these covers Steven R Boyd explores their imagery to understand what motivated soldiers and civilians to support a war far more protracted and destructive than anyone anticipated in 1861 Northern envelopes Boyd shows typically document the centrality of the preservation of the Union as the key issue that if unsuccessful would lead to the destruction of United States its Constitution and its way of life Confederate covers by contrast usually illustrate a competing vision of an independent republic free of the tyranny of the United States Each side's flags and presidents symbolize these two rival viewpoints Images of presidents Davis and Lincoln often portrayed as contestants in a boxing match personalized the contest and served to rally citizens to the cause of southern independence or national preservation In the course of depicting the events of the period printers also revealed the impact of the war on females and African Americans Some envelopes for example featured women on the home front engaging in a variety of patriotic tasks that would have been almost unthinkable before the war African Americans on the other hand became far more visible in American popular culture especially in the North where Union printers showed them pursuing their own liberation from southern slavery With more than 180 full color illustrations *Patriotic Envelopes of the Civil War* is a nuanced and fascinating examination of Civil War iconography that moves a previously overlooked source from the periphery of scholarly awareness into the ongoing analysis of America's greatest tragedy *Innovative Approaches to Planning, Scheduling and Control* Katia P.
