

The background of the image is a dark, busy scene. It features several Truffula trees with their characteristic green, segmented trunks and large, fuzzy, multi-colored tops. In the background, a crowd of people is depicted in a waiting area. Some people are standing, some are sitting on a bench, and one person is pushing a stroller. The overall atmosphere is one of a crowded, busy public space.

Waiting Place:

The Waiting Place Eileen Button, 2011-06-06 Some of the most priceless gifts can be discovered while waiting for something else We all spend precious time just waiting We wait in traffic grocery store lines and carpool circles We wait to grow up for true love and for our children to be born We even wait to die But while we work hard at this business of living life can sometimes feel like one long boring meeting Even today with instant gratification at our techno laced fingertips we can't escape the waiting place Somehow in between our texting and tweeting and living and dying we end up there again and again In the voice of an old friend or a wise cracking sister Eileen Button takes us back to the days of curling irons and camping trips first loves and final goodbyes big dreams and bigger reality checks With heart breaking candor she calls us to celebrate the tension between what we hope for tomorrow and what we live with today Chock full of humor and poignant insights these stories will make you laugh and cry They'll challenge you to enjoy or at least endure the now As Eileen has learned To wait is human To find life in the waiting place divine Come discover miracles in the mundane Come celebrate life in The Waiting Place

Sociology of Waiting Paul Christopher Price, 2021-05-04 In Sociology of Waiting Paul Christopher Price investigates how people wait and analyzes what individuals do while waiting It is a key feature within U S and other societies waiting is universal Sociologically waiting gets at order and our ability or inability to pause Crowds cannot rush into concert venues and supermarket clerks cannot check out customers simultaneously So we must wait In all our waiting we've developed strategies and structures for delays and such methods and structures provide order as well as understanding we recognize why we wait The sociology of waiting is a classic piece of everyday sociology a timeless piece of routine behavior Waiting is as natural as breathing eating and drinking indeed mothers wait nine months before infants are brought to term and summer will always follow spring Waiting provides its own lessons That is watching cars weave through traffic and receive citations by police we learn that waiting may have saved time and money Shining the light on waiting permits a far superior understanding of order and how our society organizes itself around taking turns Waiting is a matter that takes up much of our valuable time and resources consequently reducing wait time has become big business
