Can You Hear Me Now? Annie O'Sullivan,2012-04-09
 First published as only parts of her life this book brings together the full life story of the woman known as Annie O Sullivan Horribly abused at the hand of her father it is a collection of essays that graphically recount memories of her life as a confused child and young adult as she careened through life without compass to ultimately and against all odds prosper Culminating in the event that brought a degree of closure to her torture O Sullivan brings the reader on an intimate life journey through the eyes of this child s misunderstanding will to persevere and desire to seek goodness despite her circumstances Terrifying infuriating and uplifting this book touches not only survivors but parents childcare workers and teachers reminding us of the true vulnerability of children and our collective responsibility to protect them
