World Turned Rightside Up:

The World Turned Rightside Up Godfrey Hodgson,1996 *The World Turned Right Side Up* is the brilliant chronicle of the ideas and events that led to an astounding turnabout in American politics when the citizens of the United States woke up to find that conservatism once held in contempt had become the nation's ruling ideology Godfrey Hodgson a veteran journalist and historian traces the patriotic religious social and economic strands of conservatism over the past 15 years [World Turned Rightside Up](#) John C. Hulsman,Patrick Minford,2001 *A New Trading Agenda for the Age of Globalisation* At a time when public opposition to joining the euro is increasing and a debate is emerging about the long term costs and benefits of Britain's membership of the EU this paper presents a timely solution to Britain's somewhat strained relationship with the EU Dr John C Hulsman a senior policy analyst at the Washington based Heritage Foundation presents a compelling case for the advancement of Britain's trade interests through UK participation in a global free trade association This would permit Britain to gain the benefits of freer trade whilst avoiding a constant battle with EU partners over ever closer integration To move the debate forward and in particular to test whether or not Dr Hulsman's proposal is viable the IEA asked four well known writers on European issues to analyse the paper and write commentaries These are followed by a response by Dr Hulsman All the commentators are generally supportive of the Hulsman idea though they offer a variety of critiques This publication is timely and highly readable and stands out in the discussions about Britain's relationship with the EU not only by raising issues of real substance but by providing positive suggestions about a way out of the confused and quarrelsome state into which that relationship appears to have lapsed *Wesleyan Preaching Annual* Derl G.
