Sounds simple doesn't it? It's not. I signed my contract under duress and underage. Plus no one informed me that I was dead to the outside world. Not that the outside world is the greatest. Nine corporations have seized the United States and they run the government the military and pretty much everything else in their quest for profit. We call them the Corps. Not sure what I thought I'd find at the Watch but it wasn't wanton sexism and a shadowy leadership waiting for the right moment to kill me. Something else I didn't expect was Firebird. The man is ungodly handsome the Watch. Lothario and exceedingly good at his job. Unfortunately he's made it his mission to meddle in my life. For my own good of course. So far it doesn't seem like we're fighting the Corps. In fact I'm beginning to wonder what our true

purpose really is another thing that puts me in mortal danger I joined the Watch to have something to live for Now I m just trying to stay alive
