Weighing Interpretations in Science, Biblical Studies, and Life Matthew B. Joss,2023-06-05 Conflicting narratives beat upon us everywhere in politics religion and even science One person s conspiracy theory seems to be another s self evident truth But how are we to decide what makes one interpretation of the world better than another Weighing Interpretations in Science Biblical Studies and Life The Quest for the Best Explanation argues that theories and interpretations are trying to explain the world and hence the better theory is the one that better explains the data of the world But this raises questions What is an explanation How are we to rank them What kind of inference allows us to find and reason about these explanations This book provides a full description of this Inference to Best Explanation IBE and shows how IBE is at work in science Biblical studies and even everyday life Matthew B Joss offers a new method of diagramming and weighing explanatory arguments for competing interpretations In particular the book focuses on Biblical studies showing how this method can help in assessing and dialoging about interpretations walking through case studies in detail Finally the book concludes by gesturing towards some theological implications of IBE Namely IBE lends itself to a bottom up way of theologizing that is consistent with core Christian doctrines

Science Fusion in Contemporary Mexican Literature Brian T. Chandler,2024-03-29 Science Fusion draws on new materialist theory to analyze the relationship between science and literature in contemporary works of fiction poetry and theater from Mexico In this deft new study Brian Chandler examines how a range of contemporary Mexican writers fuse science and literature in their work to rethink what it means to be human in an age of climate change mass extinctions interpersonal violence femicide and social injustice The authors under consideration here including Alberto Blanco Jorge Volpi Ignacio Padilla Sabina Berman Maricela Guerrero and Elisa D az

Castelo challenge traditional divisions that separate human from nonhuman subject from object culture from nature Using science and literature to engage topics in biopolitics historiography metaphysics ethics and ecological crisis in the age of the Anthropocene works of science fusion offer fresh perspectives to address present day sociocultural and environmental issues

Physical Science C. Lon Enloe, Elizabeth Garnett, Jonathan Miles, Stephen Swanson, 2000-12-25 This is an introductory book that provides students with the tools to master the basic principles of physics and chemistry needed by the aspiring technology professional Like all the books in the critically acclaimed Preserving the Legacy series each chapter is divided into subsections featuring learning objectives and a Check Your Understanding section to help students focus on important concepts Questions requiring written and mathematical answers at the end of each chapter provide students with the opportunity to further demonstrate their understanding of the concepts The only book available that specifically addresses the emerging need for a course to teach physics and chemistry principles to the growing number of students entering the various fields of technology it offers a thorough grounding in foundational concepts along with Technology boxes that offer practical applications Physical Science What the Technology Professional Needs to Know features Crucial topics such as measuring systems matter energy motion electricity and magnetism electromagnetic radiation nuclear radiation and reactions and chemical reactions and solutions Integrated coverage linking specific concepts to everyday applications An extensive glossary offering quick access to essential terminology An accompanying laboratory manual with additional exercises to enhance learning With its comprehensive coverage and quick reference format Physical Science What the Technology Professional Needs to Know is also a handy resource for any technology professional needing a quick refresher or useful working reference
