The Threshold:

Experiences From the Threshold and Beyond Are Thoresen, 2019-10-01 There is a physical world which we all accept as real but there is also a spiritual world which interpenetrates this material world and is its cause and foundation Between these two worlds exists a threshold that can be felt seen clairvoyantly traversed and passed through by anyone with a real desire to do so At this threshold there is a guardian whose task is to stop humans from passing across it unprepared From the Introduction Based on first hand knowledge Are Thoresen offers insights into the meaning of the threshold to the spiritual world He describes his own experiences in encountering this threshold and going beyond it But there are many thresholds to the spiritual world he says and many ways to pass them as there are many aspects to the guardian of the threshold and versions of the so called animals at the threshold The worlds beyond too have a variety of different constructions or as the Bible says In my Father s house are many mansions The author describes the methods and techniques for opening the spiritual sense organs required to cross the threshold and clarifies the differences between Imagination seeing spiritual pictures Inspiration understanding those pictures and Intuition living inside the spiritual reality Structuring the book on his own biography Thoresen conveys many of the lessons he has learnt through decades of familiarity with the invisible dimensions However he warns that there is only one good reason to attempt to cross the threshold and that is to serve God and humanity in the name of love If we do it out of curiosity or to enhance our personal development it would be better not to try ARE THORESEN was born in Norway in 1952 A doctor of veterinary medicine he has also studied anthroposophic medicine homeopathy acupuncture osteopathy and agriculture Since 1981 he has run a private holistic practise in Sandefjord Norway for the healing of small animals and horses as well as people He has lectured widely specializing in veterinary acupuncture and has published dozens of scholarly articles In 1984 he started to treat cancer patients both human and animals and this work has been the focus of much of his recent research He is the author of **Demons and Healing** and several other books on complementary medicine published in various languages **Mark at the Threshold** Geoff R. Webb, 2008-07-31 The discussion concerning Markan characterisation and Markan genre can be helpfully informed by Bakhtinian categories This book uses the twin foci of chronotope and carnival to examine specific characters in terms of different levels of dialogue Various passages in Mark are examined and thresholds are noted between interindividual character zones and between the hearing reader and text voices Several generic contacts are shown to have shaped the text s genre memory in particular the Graeco Roman popular literature of the ancient world The resultant picture is of an earthy populist Gospel whose voices resonate with the vulgar classes and whose spirituality is refreshingly relevant to everyday concerns **The Threshold Covenant** Henry Clay Trumbull, 2015-04-06 This classic includes the following chapters I Primitive Family Altar 1 A Blood Welcome at the Door 2 Reverence for the Threshold Altar 3 Threshold Covenanting in the Marriage Ceremony 4 Stepping or Being Lifted Across the Threshold 5 Laying Foundations in Blood 6
