Kevin Alan Milne,2008-10-23 In this brand new novel from bestselling author Kevin Milne readers will be inspired yet again by the themes of love loss and renewal Ethan met and fell in love with Anna while studying music abroad in college He married her and fully expected to grow old with her After all they were young life was good and faith in each other came easily as evidenced by the Love Notes Anna periodically left between the strings of his guitar On their wedding day Ethan promised to love honor and cherish his wife and to write a song for her Fast forward to the present day Despite his grand promises reality has proven to be much harder than he anticipated Instead of composing hit songs he s working long hours to provide for his family and still promising to finish Anna s song His formerly hopeful spirit is almost too heavy to carry weighed down as it is by regret His grandfather a veteran of World War II knows a thing or two about regret and bitterness and has his own stories to tell One in particular has the potential to change Ethan s attitude and help him put the past to rest if he can open his heart to the truth of it Can an old soldier s tales of war help Ethan relinquish his anger Is it too late to finish the song he began for Anna on their wedding day Will he be able to remember why he fell in love so many years ago In this tale of loss and heartbreak love and forgiveness Ethan is about to discover that the final note has yet to be written

American Political Thought Jonathan Keller,Alex Zamalin,2017-04-21 The twenty first century presents unique political challenges like increasing concern over racially based police brutality and mass incarceration continuing economic and gender inequality the rise of conservative and libertarian politics and the appropriate role of religion in American politics Current scholarship in American political thought research neither adequately responds to the contemporary moment in American politics nor fully captures the depth and scope of this rich tradition This collection of essays offers an innovative expansion of the American political tradition By exposing the major ideas and thinkers of the four major yet still underappreciated alternative traditions of American political thought African American feminist radical and conservative this book challenges the boundaries of American political thinking about such values like freedom justice equality democracy economy rights identity and the role of the state in American life These traditions the various authors show in different ways not only present a much fuller and more accurate characterization of what counts as American political thought They are also especially unique for the conceptual resources they provide for addressing contemporary developments in American politics Offering an original and substantive interpretation of thinkers and movements American Political Thought will help students understand how to put American political thought into conversation with contemporary debates in political theory

Strange Fruit of the Black Pacific Vince Schleitwiler,2017-01-24 Set between the rise of the U S and Japan as Pacific imperial powers in the 1890s and the aftermath of the latter s defeat in World War II Strange Fruit of the Black Pacific traces the interrelated migrations of African Americans Japanese Americans and Filipinos across U S domains Offering readings in literature blues and jazz culture film theatre journalism and private correspondence Vince Schleitwiler considers how the

collective yearnings and speculative destinies of these groups were bound together along what W E B Du Bois called the world belting color line The links were forged by the paradoxical practices of race making in an aspiring empire benevolent uplift through tutelage alongside overwhelming sexualized violence which together comprise what Schleitwiler calls imperialism s racial justice This process could only be sustained through an ongoing training of perception in an aesthetics of racial terror through rituals of racial and colonial violence that also provide the conditions for an elusive countertraining With an innovative prose style *Strange Fruit of the Black Pacific* pursues the poetic and ethical challenge of reading or learning how to read the black and Asian literatures that take form and flight within the fissures of imperialism s racial justice Through startling reinterpretations of such canonical writers as James Weldon Johnson Nella Larsen Toshio Mori and Carlos Bulosan alongside considerations of unexpected figures such as the musician Robert Johnson and the playwright Eulalie Spence Schleitwiler seeks to reactivate the radical potential of the Afro Asian imagination through graceful meditations on its representations of failure loss and overwhelming violence
