of those events in both mainstream and alternative media and the establishment of a more holistic relationship between politically and aesthetically motivated modes of disseminating and processing information By presenting engaging and diverse case studies from both the art world and popular culture including Aliza Shvarts's censored senior thesis at Yale University Kerry Skarbakka's provocative photographs of falling Didier Morelli's crawl through Toronto and Aaron Sorkin's *The Newsroom* Learning How to Fall creates a new understanding of the relationship between the event and its documentation where even the truth of an event might be called into question
