The Ultimate Visual Reference System for Drawing the Human Figure

**NEW...**

Larger platform allows for more reclining and dynamic poses!

Welcome to the virtual life drawing studio of the twenty-first century! This series is idealized to representing the human form in a way that allows for a deeper understanding of shape, form, and gesture.

For professional and student artists alike, the VIRTUAL POSE series is the next best thing to working with a live model — and is the ultimate visual reference series for artists who do not have access to live studio sessions. Ranging from action to classic, standing to reclining, these carefully selected poses are designed to offer visually pleasing, as well as, challenging drawing settings and studying subjects.

In VIRTUAL POSE 4, Marc-Henri Chamoux presents dynamic poses with an accentuated perspective. These are eight models posed in

contemporary action and classic frames, giving the artist with a new dimension to depict the human form. This volume greatly expands on the already wide range of creative possibilities made available in the first five volumes. In addition, the classic rotating platform — an icon which has become synonymous with VIRTUAL POSE — has received a major design upgrade to allow for fully extended and deeply foreshortened poses. VIRTUAL POSE continues to be the innovative leader in bringing you the highest quality visual reference series for representing the human figure.

The 80 page book features 40 poses from the CD-ROM, each clearly laid out in sequence of seven views per full page spread for easy reference.

This one-of-a-kind book and CD-ROM reference package allows painters, sculptors and other artists to study at length, each detail and nuance of the human form.

This volume of the VIRTUAL POSE series features a high-contrast CD-ROM packed with:

- 36 full-figure, double high-resolution, color QuickTime HD poses (each pose can be rotated a full 360 degrees around the axis — with zoom and print capabilities)
- 36 views per pose total of 1,296 views

\*Based on VIRTUAL POSE 3 view file counts.
