John Leighton Stuart's Missionary-Educator's Career in China Hao Ping,2017-08-03 In China John Leighton Stuart 1876 1962 is a controversial figure occupying an important position in the history of modern China and Sino U S relations As a scholar and educator Stuart loved Chinese culture and contributed much to the development of Chinese education While as a missionary he was inherently prejudiced against Marxism As the U S ambassador to China Stuart executed U S government s policy and was finally stereotyped as a symbol of American imperialism This book is a comprehensive and systematic study of Stuart s missionary educator s career in China It gives a detailed account of Stuart s missionary activities and contribution

to the establishment and development of Yenching University as the founding president in China Yenching founded in 1919 left a significant and lasting legacy to Chinese education It also contributed much to western studies on Asian culture with the Harvard Yenching Institute established in 1928 By collecting substantial relevant materials both at home and abroad both published and unpublished this book reveals the multidimensional and complex features of Stuart getting rid of the stereotype Academic and general readers interested in Stuart missionary education in modern China and modern Chinese history will be attracted by this book
