Air Force s P 3 Orions during the latter years of the Cold War The aircraft s largely low profile missions usually flown far from their base were often shrouded by confidentiality Now access to declassified documents has allowed this story to be told From the lead up to their delivery in 1968 to the end of the Cold War in 1991 from the intrigues associated with the procurement of the aircraft and subsequent upgrades to perilous moments experienced by the aircraft and their crews while conducting operations and from triumphs to tragedies Cold War Warriors documents the P 3 s service in the RAAF in the context of the unfolding domestic and international events that shaped the aircraft s evolving missions As well as being a story of the RAAF Orions and their growing capabilities Cold War Warriors is also the story of the crews who flew the aircraft Using their words Cold War Warriors faithfully describes a number of incidents both on the ground and in the air to provide a sense of the enormous breadth of service the P 3 Orion has provided to the Royal Australian Air Force to Australia and to our allies
