

Number of electoral votes by state

Electoral votes for the 2024 election are allocated to states based on the 2020 Census. Every state gets at least three votes: one for each senator, and one for each congressional district. The District of Columbia also gets three votes. There are 538 electoral votes in total, with a majority of 270 needed to elect a president.

All electoral votes go to the overall winner of the statewide popular vote, except in Maine and Nebraska where electoral votes are based on the winner of the popular vote in each congressional district and two additional votes go to the winner of the statewide popular vote.

Who Votes Now? Jan E. Leighley, Jonathan Nagler, 2013-11-24 Who Votes Now compares the demographic characteristics and political views of voters and nonvoters in American presidential elections since 1972 and examines how electoral reforms and the choices offered by candidates influence voter turnout Drawing on a wealth of data from the U S Census Bureau s Current Population Survey and the American National Election Studies Jan Leighley and Jonathan Nagler demonstrate that the rich have consistently voted more than the poor for the past four decades and that voters are substantially more conservative in their economic views than nonvoters They find that women are now more likely to vote than men that the gap in voting rates between blacks and whites has largely disappeared and that older Americans continue to vote more than younger Americans Leighley and Nagler also show how electoral reforms such as Election Day voter registration and absentee voting have boosted voter turnout and how turnout would also rise if parties offered more distinct choices Providing the most systematic analysis available of modern voter turnout Who Votes Now reveals that persistent class bias in turnout has enduring political consequences and that it really does matter who votes and who doesn t
