Woman Times Two:

Framing Age Iris Loffeier, Benoît Majerus, Thibault Moolaert, 2017-05-12 Ageing populations have gradually become a major concern in many industrialised countries over the past fifty years drawing the attention of both politics and science. The target of a raft of health and social policies, older people are often identified as a specific and vulnerable population. At the same time, ageing has become a specialisation in many disciplines: medicine, sociology, psychology, to name but three, and a discipline of its own: gerontology. This book questions the framing of old age by focusing on the relationships between policy making and the production of knowledge. The first part explores how the meeting of scientific expertise and the politics of old age anchors the construction of both individual and collective relationships to the future. Part II brings to light the many ways in which issues relating to ageing can be instrumentalised and ideologised in several public debate arenas. Part III argues that scientific knowledge itself composes with objectivity, bringing ideologies of its own to the table and looks at how this impacts discourse about ageing. In the final part, the contributors discuss how the frames can themselves be experienced at different levels of the division of labour, whether it is by people who work on them, legislators or scientists, by people working with them, professional carers, or by older people themselves. **Unpacking the political and moral dimensions of scientific research on ageing**, this cutting edge volume brings together a range of multidisciplinary European perspectives and will be of use to all those interested in old age and the social sciences. Explanatory Notes Upon the New Testament. By John Wesley ... The Second Edition, 1757 Annual Report Massachusetts. State Board of Charities, 1919 Woman's Missionary Friend, 1906 **A Quaker Woman's Cookbook** Elizabeth Ellicott Lea, 2016-01-11 One of the finest sources for studying authentic American fold diet, the 1853 facsimile edition presented here contains a wealth of recipes and folk wisdom from the Quakers Tidewater South and Pennsylvania Germans. This volume with an extensive introduction and glossary is the first attempt by an American food historian to analyze the cookery of the Quakers. The Lost Message of the End Times Ian Miller, 2021-08-05 The second coming is perhaps the most confusing, controversial and contentious of biblical doctrines. In The Lost Message of the End Times Ian Miller guides the reader through the many Old and New Testament prophecies that speak of Jesus's return. As he does so, he brings their powerful, hope-filled, faith-inspiring and life-changing message to life. With clear and easily understood explanations, this book will show you how the Scriptures reveal a world of promise, not fear, a kingdom present, not to come, and the powerful bride, as she is not one that needs to be raptured away. *The Medical Times and Gazette*, 1861 *Report of the Assistant Director and of the Curators of the U.S. National Museum* United States National Museum, 1897 **The Acts and Monuments of John Foxe: a New and Complete Edition: with a Preliminary Dissertation, by the Rev.
