Still Looking:

Still Looking John Updike, 2005-11-08 From a master of American letters and the author of the acclaimed Rabbit series comes a richly illustrated book of eighteen insightful essays about American art written while he was the art critic at The New York Review of Books Remarkably elegant little essays dense in thought and perception but offhandedly casual in style Their brevity makes more acute the sense of regret one feels to see them end Newsday When in 1989 a collection of John Updike's writings on art appeared under the title Just Looking a reviewer in the San Francisco Chronicle commented He refreshes for us the sense of prose opportunity that makes art a sustaining subject to people who write about it In the sixteen years since Just Looking was published he continued to serve as an art critic mostly for The New York Review of Books and from fifty or so articles has selected for this book eighteen that deal with American art After beginning with early American portraits landscapes and the transatlantic career of John Singleton Copley Still Looking then considers the curious case of Martin Johnson Heade and extols two late nineteenth century masters Winslow Homer and Thomas Eakins Next it discusses the eccentric pre moderns James McNeill Whistler and Albert Pinkham Ryder the competing American Impressionists and Realists in the early twentieth century and such now historic avant garde figures as Alfred Stieglitz Marsden Hartley Arthur Dove and Elie Nadelman Two appreciations of Edward Hopper and appraisals of Jackson Pollock and Andy Warhol round out the volume America speaks through its artists As Updike states in his introduction The dots can be connected from Copley to Pollock the same tense engagement with materials the same demand for a morality of representation can be discerned in both
