Lundquist, 2007-12-30 As war and terrorism continue to rage over the Holy Land the Temple of Jerusalem arguably the most famous sacred structure in world history looms in the background as a symbol of past glory a place of religious worship and a site to be contended over and coveted This book offers a general history of the meaning importance and significance of the Temple of Jerusalem in both the religious and the political arena It begins with the construction of the Temple its destruction in 587 B C E its reconstruction in 516 B C E the vast enlargement during the time of the Idumean King Herod around 20 B C E its final destruction in 70 C E and its dynamic and abundant afterlife as the leading influence in the construction of Jewish synagogues Christian cathedrals and Islamic mosques But the Temple has also been at the center of much political and religious controversy and Lundquist explores the issues and conflicts that have erupted over this sacred place considers the meaning and importance of the Temple to Christianity Judaism and Islam from ancient times to the present and concludes with a careful consideration of the continuing religious and political tensions On September 28 2000 Ariel Sharon visited the Temple Mount also called Al Haram As Sharif in Jerusalem igniting what has come to be known as the second intifada But why would such a visit to a religious site set off such a string of violent responses that continue to this day The answer lies in the history of the Temple of Jerusalem which once indeed twice stood in the spot known today as the Temple Mount to Jews and the Dome of the Rock to Muslims A holy

place to three of the world's main religions Christianity Judaism and Islam the Temple of Jerusalem is arguably the most famous sacred structure in world history and figures prominently in Apocalyptic writings Yet it is almost entirely absent in all its phases from the archaeological record as the sacred nature of the site prohibits any excavation

**The Eschatological Role of the Jerusalem Temple: An Examination of the Jewish Writings dating from 586 BCE to 70 CE** Eric W. Baker,2015-05-19 This research aims to investigate the role or roles of the physical Jerusalem temple within the second temple Jewish writings in terms of whether the physical temple has any role to play in relation to the pivot point in eschatology The pivot point or fulcrum in time refers to the end of the exile and perhaps the beginning of the eschaton The exile may be theological but many second temple Jewish texts address the physical gathering of the children of Israel to the land of Israel i e from physical exile even if the text also addresses a theological exile thus making the return a complete ingathering of the children of Israel The passages of these ancient texts have been analysed before but never with this lens Looking to see if there is any role the Jerusalem Temple performs in expected eschatological events will at least allow an answer to be given which is better than never asking the question in the first place which has been the case until now This study produces results as the Jerusalem Temple has always been a place of great expectations
