**Homeland Z** George R. N.,2023-02-08 After the death of his father Logan goes to a wild party doing the only thing that makes sense to him at the time The next day he wakes up to find that everyone is gone Almost everyone Or so it seems at first But as he steps outside his house he realises the world he knew is no longer as he remembers it Everyone is in grave danger yet all Logan can think about is finding his friends On his long and treacherous journey he encounters new allies and new enemies For a brief moment he sees a light at the end of the tunnel but then his world turns grim and his true nightmares begin Ugly and brutal everything changed overnight when a deadly virus broke out rapidly spreading across the beautiful island of Heiwa The army s efforts to contain it fail and it quickly turns into a pandemic All hope for humanity seems lost The ever evolving virus is powerful and the population of Heiwa dwindles rapidly many die while others survive only to be transformed into an angry eternally raging and ravenous mass of cannibalistic infected The new threat to humanity is humanity itself Unlike healthy people the infected never tire never feel pain but are always hungry Primal and bloodthirsty they kill to eat spreading death and terror wherever they roam How long can one man survive when all odds are against him
