The Sanctimonious Psychoproctological Invasions: The Handbook for Political Analysis The Reverend Dr. Len Bergantino, ED. D, PH.D.,2019-10-24 The Sanctimonious Psychoproctological Invasions By The Reverend Dr Len Bergantino ED D PH D From 2012 through 2018 Len Bergantino began each day with pro bono writings and invasive interventions that insist and expand upon the first amendment rights of United States citizens In all areas he is both knowledgeable and feels national state and local governments are stuck in socially immobile positions He created ways to invade entire cultures and governments to move those stuck in quicksand off the dime and into a society that spirals upward He refers to the creation of these methods as sanctimonious psychoproctological invasions in the creation of a political psychology that should be studied by all human beings who want to make a difference and give meaning to their lives *When Baseball was King The New York Yankees were King of Baseball* Dr. Len Bergantino Ed.D. Ph.D.,2019-12-26 Len I wanted to let you know how much I enjoyed your book The stories about the players managers and owners of our youth were great What made the book so enjoyable was that some stories brought our wonderful memories and some events that I didn't know about It's a bit of history from a time when Baseball was the only sport It was a great read Frank Catapano **The Essence of Music** Dr. Len Bergantino Ed.D. Ph.D. (USC),2024-08-20 Do you think that some slug who looks very professional who whispers an occasional interpretation to you five times a week for 7 years can make one bit of difference in your life or does such a psychotoxic slug called a psychoanalyst merely stick you in an emotional toilet bowl for seven years having the cumulative result of turning you into a hopeless bastard who will never turn the tragic corner in his or her life Can your analyst analyze an archaic liquid symbiotic or an osmotic transference or can they even recognize this phenomena in order to analyze it If the psychoanalyst cannot analyze these transferences they can't do an analysis I used to get good faith patients who had the balls to work on the cutting edge at the same time I did because they had had combinations of twenty years of two seven year analyses plus several briefer psychotherapies only to be as crazy as the day they walked in 200 000 00 As Dr Donald Rinsley M D fellow American College of Psychoanalysts wrote about me my work has both a healing effect and affect Patients used to pay me six months in advance to hold the time open because I was irreplaceable I was the only one who could analyze the psychotic core of the personality and I was the only who could actually do what Dr Wilfred R Bion MRCS Medical Royal College of Surgeons wrote about analyzing the psychotic core of the personality As I am seventy nine years old I have written five books that must be read and digested in their entirety As these books are the thing in itself they will transform the reader into the kinds of analyst patient and psychotherapist who can make a difference in helping people turn the tragic corner in their lives In other words these five books are analysis These books were written to be around for a few hundred years and were directly guided by the Almighty By Dr LEN BERGANTINO Ed D USC Ph D A B P P The Essence of Music Musicality Pure Sound the Art of Melody and Inner Peace They say that music is the international language but what is music

**Call From the Cave** Jon Huer, 2013 This book explores the nature of power in persons groups and nations by asking a question that we can understand in contemporary terms what would Bill Gates do if he had Hitler s absolute power It is a sociological question that exposes power as a tool of control over the powerless not as a psychological trait or manners of personal interactions With Hitler s power any individual group or nation could become as crazy as Hitler or as cruel as the Nazis Call from the Cave argues that the savage struggle for power exemplified in the free market system of America history s first and purest natural society is in our very human nature In the footsteps of the ancient Romans and the recent Nazis we push on in every waking moment of our lives to expand our power and to control the souls and minds of other human beings to do our bidding The book concludes that this is the very destiny of humanity we cannot escape

*The New Earth* Jess Row, 2023-03-28 A globe spanning epic novel about a fractured New York family reckoning with the harms of the past and confronting humanity s uncertain future from award winning author Jess Row For fifteen years the Wilcoxes have been a family in name only Though never the picture of happiness they once seemed like a typical white Jewish clan from the Upper West Side But in the early 2000s two events ruptured the relationships between them First Naomi revealed to her children that her biological father was actually Black In the aftermath college age daughter Bering left home to become a radical peace activist in Palestine s West Bank where she was killed by an Israeli Army sniper Now in 2018 Winter Wilcox is getting married and her only demand is that her mother father and brother emerge from their self imposed isolations and gather once more After decades of neglecting personal and political wounds each remaining family member must face their fractured history and decide if they can ever reconcile Assembling a vast chorus of voices and ideas from across the globe Jess Row explodes the saga from within blows the roof off so to speak to let in politics race theory and the narrative self awareness that the form had seemed hell bent on ignoring Jonathan Lethem *The New Earth* is a commanding investigation of our deep and impossible desire to undo the injustices we have both inflicted and been forced to endure
