

THE SCRIBBLER

The Scribbler

William S. Murphy

The Scribbler:

The Scribbler's Revenge Eric Johns,2015-04-02 E Rick Jones was stoically living out his final days in an old folks home when a young woman dropped a time travelling device onto the tartan rug which encased his withered limbs This did not surprise him because he had written about something of the sort in a short story The opportunity to travel in time presented him with the chance to repair the injustices of a lifetime and revenge himself on the literary establishment which had ignored him The only flaw in his plan was that the people to whom the device belonged wanted it back and the young woman who had stolen it kept reappearing at inopportune moments The one chance he had of survival was to adjust time itself so that the story of his life reached a satisfactory conclusion But if he did that the terrifyingly ruthless owners of the device would immediately know which timeline he was hiding in and come hunting for him Given all the time in eternity there surely had to be a solution

The Scribbler's Tale Eric Johns,2014-10-21 Until he won a short story competition with a prize of 50 000 E Rick Jones didn't have any problems or at least no more than any other neurotic writer who spent most of his life in his writing shed at the end of his garden The problem was that in order to claim the prize Rick was required to be the British representative at the Digitalquill Freedom Conference in Argentina Unfortunately certain ruthless people who denied they had anything to do with MI6 thought that he was not the right person to represent his country and were happy to use threats and violence to convince him of this However there was another group of equally ruthless people who believed it was in his country's interest for him to go to S America which was the last place he wanted to go because there was a frightening amount of magic realism there and that was one genre of writing he couldn't stand Both groups regarded Rick as expendable All he wanted was his shed

[The Scribbler's Assassination](#) Eric Johns,2015-04 E Rick Jones was a penniless author while Fred his twin brother was a successful inventor and entrepreneur Fred's advice on how Rick could improve his life was never any use because Rick although he dreamed of becoming like his brother in reality was hobbled by his timidity When Rick was accused of being a paedophile he found himself being investigated by the police and hounded by the media The evidence appeared conclusive No one would believe him that he was being framed and everyone he knew including his wife seemed to have a reason for wanting him imprisoned or murdered There was no one he could trust The media were doing their best to stir up a lynch mob and the police weren't interested in offering him protection His brother thought his predicament hilarious One way or another it seemed that his sheltered life was about to come to a painful end
