**Religion, war and Israel's secular millennials** Stacey Gutkowski,2020-10-27 How do secular Jewish Israeli millennials feel about the Israeli Palestinian conflict having come of age in the shadow of the Oslo peace process when political leaders have used ethno religious rhetoric as a dividing force This is the first book to analyse blowback to Palestinian and Jewish Israeli religious nationalism among this group in their own words based on fieldwork interviews and surveys conducted after the 2014 Gaza War Offering a close reading of the lived experience and generational memory of participants Gutkowski offers a new explanation for why attitudes to Occupation have grown increasingly conservative over the past two decades Examining the intimate emotional ecology of Occupation this book offers a new argument about neo Romantic conceptions of

citizenship Beyond the case study it also provides a new theoretical framework and methods for researchers and students studying emotion religion nationalism secularism and political violence From Safety to Sense of Safety Jenni Spannari, Liz Grant, Monica Worline, Anne Birgitta Pessi, Henrietta Grönlund, Birgitte Johansen, 2025-09-23 The sense of safety is an essential foundation for human flourishing and well being It is a basic human need grounded in the evolutionary history of the human species as a part of the ecosphere However social political and health related global challenges have eroded deeply not only safety but our sense of safety Sense of safety is an individual experience but it is deeply rooted in the social communal and societal frames Thus in research we need to look at the sense of safety understanding that the wider societal situation strongly consists of individual and grass roots level experiences All people notwithstanding their race or age or any other variable need to feel safe Sense of safety is a feeling of relative security a comprehensive yet subjective psychological experience It requires ongoing appraisal closely associated with a person s awareness and perception That is sense of safety is related to safety but never the same and it is always about emotions It is deeply social never just about an individual and should be studied as such Sense of safety is pivotal for individuals communities in societies Interdisciplinary research on sense of safety is scarce and often academically too shallow e g not defining sense of safety as in e g Zacharia et al 2021 Murakami et al 2017 nor even differentiating between safety and sense of safety e g in Zou Yu 2022 Research and mainstream media focus mostly on the large scale picture of safety e g statistics trends in numbers and political reporting But what are the individual level experiences of sense of safety and sense of security today How are they culturally bound and to what extent more universal *Public Documents of the State of North Dakota* North Dakota, 1924 Masonic Standard ,1908 **Public Utilities Reports** ,1924 *Proceedings of the Royal Colonial Institute* Royal Commonwealth Society, 1881 The Kindergarten and First Grade ,1919 **Kindergarten and First Grade** ,1919
