**Acts and Resolves Passed by the General Court of Massachusetts** Massachusetts, 1900     [Work, Love, and Learning in Utopia](#) Martin Schoenhals, 2018-12-07 *Work Love and Learning in Utopia* breathes new life into the age old human preoccupation with how to create a happier society With a fascinating mix of research from cross cultural psychology macro history and evolutionary biology the book gives new credibility to the advocacy of radical equality The author a psychological anthropologist argues that the negative emotions of sadness anger and fear evolved in tandem with hierarchy while happiness evolved separately and in connection to prosociality and compassion The book covers a wide range of human concerns from economics and education to media and communication to gender and sexuality It breaks new boundaries with its scope arguing that equality of love is as important and possible as is economic equality Its argument is provocative yet practical and each chapter ends with concrete proposals that invite dialogue with any student of policy Written in an easily accessible style this book will appeal to anyone who has ever puzzled over how our social world could be remade In particular it will be very useful to students and scholars of anthropology sociology and psychology     **Acts and Resolves**

**Passed by the General Court** Massachusetts, 1900     [Kinship by Design](#) Ellen Herman, 2009-08-01 What constitutes a family Tracing the dramatic evolution of Americans answer to this question over the past century *Kinship by Design* provides the fullest account to date of modern adoption's history Beginning in the early 1900s when children were still transferred between households by a variety of unregulated private arrangements Ellen Herman details efforts by the U S Children's Bureau and the Child Welfare League of America to establish adoption standards in law and practice She goes on to trace Americans shifting ideas about matching children with physically or intellectually similar parents revealing how research in developmental science and technology shaped adoption as it navigated the nature nurture debate Concluding with an insightful analysis of the revolution that ushered in special needs transracial and international adoptions *Kinship by Design* ultimately situates the practice as both a different way to make a family and a universal story about love loss identity and belonging In doing so this volume provides a new vantage point from which to view twentieth century America revealing as much about social welfare statecraft and science as it does about childhood family and private life     **Childhood and**

**education in the era of globalization** Bogusław Śliwerski, Marzenna Magda-Adamowicz, Mirosława Nowak-Dziemianowicz, Beata Przyborowska, Marzanna Farnicka, Agnieszka Cybal-Michalska, 2025-10-13 The volume is an important contribution to the scholarship on childhood and education in globalised contexts It is marked by conceptual depth

theoretical pluralism and a commitment to social justice The authors challenge prevailing assumptions raise critical voices and foreground the child as an epistemic subject living in complex and contested realities The volume shows the child not only as a passive recipient of adult interventions but as a subject constructed by and within dynamic global technological economic cultural and political forces They provide a valuable resource for scholars in the fields of educational theory childhood studies and globalization studies
