

THAMES VALLEY AIRFIELDS IN THE SECOND WORLD WAR

Berkshire, Buckinghamshire and Middlesex

ROBIN J. BROOKS

John Duggan

Thames Valley Airfields

LL Leslie

Thames Valley Airfields:

Thames Valley Airfields in the Second World War Robin J. Brooks, 2000 A full account of the part played by the Thames Valley airfields during the Second World War including Greenham Common White Waltham Thame Wing Hendon and Northolt The history of each airfield is described with the squadrons and aircraft based at them and the main operations flown The effects of the war on the daily lives of civilians and the constant dangers from raids and night bombing are also detailed [Airfields Of 8th](#) Roger Freeman, 1978-02-28 A unique nostalgic look at the airfields used by the Eighth in the United Kingdom during the Second World War Conceived in war the airfields experienced their moments of glory and when the war ended were left empty and derelict to die The few which remain virtually intact have only survived because some private or public concern has formed a practical use for them although not always as airfields Some of the more remote airfields still dot the countryside the same as when the last plane left their runways and the last truck departed through the main gate They are bleak windswept and moldering but they retain the atmosphere of the fine high endeavors of the people who inhabited them and the aura of ineffable sadness that hangs over memorials to fighting men For such they are

Saving An Airfield: A Two-Part Investigation Dean M, 2039-12-31 What happens when development planning moves faster than the infrastructure designed to support it Saving an Airfield is a documentary investigation into planning evidence drainage infrastructure and the complex relationship between large scale development and wastewater capacity in the Rye Meads catchment area Drawing on years of independent research the book compiles planning documents infrastructure studies consultation responses and technical reports to examine how drainage systems sewer networks and wastewater treatment infrastructure are assessed within modern development planning At the centre of the investigation is the concept of the Fourth Sewer a recurring theme appearing across multiple planning documents and infrastructure discussions connected to development proposals affecting the region Through a structured review of documentary evidence the book explores planning policy and infrastructure delivery plans water cycle studies and drainage assessments the relationship between housing development and sewer capacity how infrastructure planning is documented within the planning system the wider implications for sustainable development and environmental management Rather than presenting allegations or accusations the investigation assembles the documentary record so that readers can examine the planning evidence and understand how infrastructure considerations are addressed within development decision making By bringing together fragmented technical reports planning studies and public records into a single narrative Saving an Airfield provides a rare insight into how infrastructure planning unfolds behind the scenes of major development proposals This work will be of interest to planning researchers environmental policy observers journalists and investigators infrastructure professionals members of the public seeking to understand development planning Saving an Airfield is not simply a story about development it is a detailed look at the planning evidence that shapes how development happens **Action Stations:**
