Zillmer, Molly Harrower, Barry A. Ritzler, Robert P. Archer, 2013-10-31 Half a century after the collapse of the Nazi regime and the Third Reich scholars from a range of fields continue to examine the causes of Nazi Germany An increasing number of young Americans are attempting to understand the circumstances that led to the rise of the Nazi party and the subsequent Holocaust as well as the implication such events may have for today as the world faces a resurgence of neo Nazism ethnic warfare and genocide In the months following World War II extensive psychiatric and psychological testing was performed on over 200 Nazis in an effort to understand the key personalities of the Third Reich and of those individuals who just followed orders In addressing these issues the current volume examines the strange history of over 200 Rorschach Inkblot protocols that were administered to Nazi war criminals and answers such questions as Why the long delay in publishing protocols What caused such jealousies among the principals How should the protocols be interpreted Were the Nazis monsters or ordinary human beings This text delivers a definitive and comprehensive study of the psychological functioning of Nazi war criminals both the elite and the rank and file In order to apply a fresh perspective to understanding the causes that created such antisocial behavior these analyses lead to a discussion within the context of previous work done in social and clinical psychology Subjects discussed include the authoritarian personality altruism obedience to authority diffusion of responsibility and moral indifference The implications for current political events are also examined as Neo Nazism anti Semitism and ethnic hate are once again on the rise While the book does contain some technical material relating to the psychological interpretations it is intended to be a scholarly presentation written in a narrative style No prior knowledge of psychological testing is necessary but it should be of great benefit for those interested in the Rorschach Inkblot test or with a special interest in psychological testing personality assessment and the history of psychology It is also intended for readers with a broad interest in Nazi Germany

The Rape of the Mind Joost Abraham Maurits Meerloo, 1956 Since 1933 when a completely drugged and trial conditioned human wreck confessed to having started the Reichstag fire in Berlin Dr Joost A M Meerloo has studied the methods by which systematic mental pressure brings people to abject submission and by which totalitarians imprint their subjective truth on their victims minds Dr Meerloo spent the first two and one half years of WWII under the pressure of Nazi occupied Holland witnessing at first hand the Nazi methods of mental torture on more than one occasion Then after personal experiences with enforced interrogation he escaped from a Nazi prison and certain death to England where he was able as Chief of the Psychological Department of the Netherlands Forces to observe and study coercive methods officially After the war he came to the United States As more and more cases of thought control brainwashing and mental coercion were disclosed Cardinal Mindszenty Colonel Schwable Robert Vogeler and others his interest grew It was Dr Meerloo who coined

the word menticide the killing of the spirit for this peculiar crime It is Dr Meerloo s position that through pressure on the weak points in men s makeup totalitarian methods can turn anyone into a traitor And in *The Rape of the Mind* he goes far beyond the direct military implications of mental torture to describing how our own culture unobtrusively shows symptoms of pressurizing people s minds He presents a systematic analysis of the methods of brainwashing and mental torture and coercion and shows how totalitarian strategy with its use of mass psychology leads to systematized rape of the mind He describes the new age of cold war with its mental terror verbocracy and semantic fog the use of fear as a tool of mass submission and the problem of treason and loyalty so loaded with dangerous confusion *The Rape of the Mind* is written for the interested layman not only for experts and scientists *The Musical World* ,1876 **Rorschachiana** ,1999 *The Quarterly Review* William Gifford,Sir John Taylor Coleridge,John Gibson Lockhart,Whitwell Elwin,William Macpherson,William Smith,Sir John Murray IV,Rowland Edmund Prothero (Baron Ernle),George Walter Prothero,1888
