affectivity and immanent meaning of riots and grassroots qualitative case studies of particular events and contexts
Countering the preconceptions of riots as a trail of broken windows burned dumpsters and angry conservatives this book aims to demonstrate that riots are fundamentally creative generating forms of meaning power knowledge affect social connection and participatory space which are rare and sociologically important in the modern world

The Devil at Large Erica Jong, 1994 The book begins with a question Why Henry Miller Miller remains among the most misunderstood of writers seen either as a pornographer or a guru a sexual enslaver or a sexual liberator a prophet or a pervert All the questions his life and oeuvre raise about the role of the writer in society the impact of books on sexual politics the impact of sexual politics on books the threat of censorship to free speech and written expression are unfortunately as fresh today as they ever were Part biography part memoir part critical study part exploration of sexual politics in our time The Devil at Large is an event a book that promises to rescue Miller from the facile charges of misogyny anti-Semitism and titillation that have been lobbed at him over the years and brilliantly captures the exuberance audacity and energy that defined his life and art More than that it is a reunion between a young writer and her mentor In 1974 while Fear of Flying was still a relatively obscure first novel Erica Jong received an enthusiastic fan letter from Henry Miller then an old man of eighty three Miller credited himself with discovering Jong and his faithful correspondence guided her through a year of enormous change The two writers chastised and celebrated for their lusty prose accused of conflating autobiography with fiction in their respective generations found they were kindred spirits and began a friendship that would last until Miller's death in 1980 Make it all up was Miller's appeal to Jong to become his biographer But in reexamining Miller Jong has not had to fictionalize She has imparted a deeper understanding of a life whose dramatic particulars have long since been mythologized dramatized and cannibalized by those in search of a lusty life story Jong puts the works the letters the loves through a prism that clarifies the creative impulse making this slim book a quintessential chronicle of a writer's life and a mirror of our own times Always the flesh and the vision together Anais Nin said of Miller The Devil at Large asks its readers to look anew at these elements and come to a new appreciation of a twentieth century visionary and prophet

The Grizzly Maze Nick Jans, 2006-01-31 With a new introduction on Werner Herzog's film entitled The Grizzly Man Timothy Treadwell self-styled bear whisperer dared to live among the grizzlies seeking to overturn the perception of them as dangerously aggressive animals When he and his girlfriend were mauled it created a media sensation In The Grizzly Maze Nick Jans a seasoned outdoor writer with a quarter century of experience writing about Alaska and bears traces Treadwell's rise from unknown waiter in California to celebrity providing a moving portrait of the man whose controversial ideas and behavior earned him the scorn of hunters the adoration of animal lovers and the skepticism of naturalists Intensely imagistic artfully controlled prose behind the building tension of Treadwell's path to oblivion a stunning landscape looms

Symptoms of Withdrawal Christopher Kennedy Lawford, 2005-09-27 Born into enormous privilege as well as burdened by gut wrenching family tragedy Christopher Kennedy

Lawford now shares his life story offering a rare glimpse into the private worlds of the rich and famous of both Washington politics and the Hollywood elite A triumphantly inspiring memoir the first from a Kennedy family member since Rose Kennedy s 1974 autobiography Lawford s Symptoms of Withdrawal tells the bittersweet truth about life inside America s greatest family legacy As the firstborn child of famed Rat Pack actor Peter Lawford and Patricia Kennedy sister to John F Kennedy Christopher Kennedy Lawford grew up with presidents and movie stars as close relatives and personal friends Lawford recalls Marilyn Monroe teaching him to dance the twist in his living room when he was still a toddler being awakened late at night by his uncle Jack to hear him announce his candidacy for president being perched atop a high roller craps table in Las Vegas while Frank Sinatra and his Rat Pack swapped jokes and threw dice and other treasured memories of his youth as part of America s royal family In spite of this seemingly idyllic childhood Lawford s early life was marked by the traumatic assassinations of his beloved uncles Jack and Bobby and he soon succumbed to the burgeoning drug scene of the 1970s during his teen years With compelling realism mixed with equal doses of self deprecating wit youthful bravado and hard earned humility Symptoms of Withdrawal chronicles Lawford s deep and long descent into near fatal drug and alcohol addiction and his subsequent formidable path back to the sobriety he has preserved for the past twenty years Symptoms of Withdrawal is a poignantly honest portrayal of Lawford s life as a Kennedy a journey overflowing with hilarious insider anecdotes heartbreaking accounts of Lawford s addictions to narcotics as well as to celebrity and ultimately the redemption he found by asserting his own independence In this groundbreakingly courageous and exceptionally well written memoir Lawford steps forward to rise above the buried pain that first led to his addiction and today lives mindfully by his time tested mantra We are only as sick as the secrets we keep Symptoms of Withdrawal keeps no secrets and is a compelling testament to the power of truth

Acts of Possession Leah Dilworth, 2003 The success of internet auction sites like eBay and the cult status of public television s Antiques Roadshow attest to the continued popularity of collecting in American culture Acts of Possession investigates the ways cultural meanings of collections have evolved and yet remained surprisingly unchanged throughout American history Drawing upon the body of theoretical work on collecting and focusing on individual as opposed to museum collections the contributors investigate how what and why Americans have collected and explore the inherent meanings behind systems of organization and display Essays consider the meanings of Thomas Jefferson s Indian Hall at Monticello the pedagogical theories behind nineteenth century children s curiosity cabinets collections of Native American artifacts and the ability of the owners of doll houses to construct meaning within the context of traditional ideals of domesticity The authors also consider some darker aspects of collecting hoarding fetishism and compulsive behavior scrutinizing collections of racist memorabilia and fascist propaganda The final essay posits the serial killer as a collector an investigation into the dangerous objectification of humans themselves By bringing fresh interdisciplinary critical perspectives to bear on these questions Dilworth and her coauthors weave a fascinating cultural history of collecting in America **Ella's**

This article will explore the advantages of Strange Synergy books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Strange Synergy books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. Another popular platform for Strange Synergy books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural
