**English in the European Union** Stefan Hinterholzer, 2007-08-26 Seminar paper from the year 2007 in the subject English Language and Literature Studies Linguistics grade 1 University of Innsbruck English Department course English in Europe 14 entries in the bibliography language English abstract The European Union is not only an economic community It is also a unique language community in which each language has its place and its right to exist Today English is the dominant language in the world serving as a first or second language a working language a lingua franca etc for many people Nevertheless the position of the English language is not the same in the European Union as in a global context This paper will focus on the position of English in the European Union being only one of 23 official languages It will be analyzed in how far the dominance of English affects the other languages and the institutions of the European Union and to which extent English has the status of a European lingua franca On the other hand the influence of the other languages on English will be looked at which will lead us to the phenomenon of Euro English Finally the opposition of other language communities against the dominance of English will be discussed

**English in Europe** Manfred Görlach, 2002-05-23 English in Europe charts the English invasion of Europe since 1945 Sixteen distinguished European scholars report on the English words and phrases that have become integral parts of their languages Each describes the effect of English on the host language and shows how the process of incorporation often modifies pronunciation and spelling and frequently transforms meaning and use The languages surveyed are Icelandic Dutch French Spanish Norwegian German Italian Romanian Polish Croatian Finnish Albanian Russian Bulgarian Hungarian and Greek The book is designed as a companion to A Dictionary of European Anglicisms but may be read as an independent work This is the first systematic survey of a phenomenon that is fascinating alarming and apparently unstoppable

*English as an Academic Language in Europe* Ulrich Ammon, Grant D. McConnell, 2002 This book deals with the spread of English as an academic language in Europe and in particular its use as a language of teaching First it depicts the historical development of the rise of English in academia in the course of the 20th century Then it focuses on its more recently acquired function as an additional language of teaching at university level This comprehensive survey of European countries but mainly the present and future member countries of the European Union shows to what extent English has made inroads as a language of university teaching but it also provides figures on French and German and occasionally other languages in the teaching function An in depth study into the new International Study Programs in Germany reveals both Contents History of the rise of English as the dominant language of science Comprehensive Survey of the use of English and other languages of university teaching in non Anglophone European Countries In depth investigation of the new international study programs in Germany Problems and trends in the use of English and other languages of university teaching
