Midterm Madness Larry Sabato, 2003-04-02 The midterm contests for the Senate House of Representatives and 36 governorships produced drama aplenty in 2002 A tragic plane crash killed a U S senator just ten days before the election casting his state into mourning and political confusion Another senator losing in his reelection bid because of corruption chose to withdraw in mid campaign The president's own brother was involved in a knock down drag out campaign for reelection in the state that installed the current White House occupant by a grand total of 537 votes But more than anything the 2002 midterm elections featured a titanic struggle between the political parties for control of Congress Both houses were narrowly divided in the so called 50 50 America produced by the split 2000 presidential election Which party if either would emerge with the spoils of war In the end there was no landslide but there was a clear victor the Republicans And the colossus of 2002 was President George W Bush the driving force behind the historic GOP triumph Firmly securing the House and recapturing the Senate gives Bush an unusual opportunity in American politics to be stronger in the second half of his term than the first Through a superb team of academics and journalists led by Dr Larry J Sabato Midterm Madness The Elections of 2002 analyzes and dissects this fascinating election season **Time** Briton Hadden, Henry R. Luce, 1986 *Politics Moves Online* Michael Cornfield, 2004 The popularization of the Internet has shepherded a revolution in business and personal communication But how has online technology been used in mainstream American politics In *Politics Moves Online* Michael Cornfield provides a comprehensive guide to how the Internet has been used in political campaigns He shows for example how candidates such as George Bush and John McCain in 2000 as well as political action committees and the media struggled to figure out how to fit the Internet into their ongoing operations Through a series of insightful cases he examines how candidates use the Web as a campaign tool and as a fund raising mechanism and how voters use the Internet to gather information and become more knowledgeable voters He finds that while many political pundits have argued that the Internet can be a revolutionary force in politics citizens and politicians alike have yet to find innovative uses that go beyond conventional political operations The Video Tape & Disc Guide to Home Entertainment, 1985 **TV Guide**, 1993 Photoplay, 1988 **Forthcoming Books** Rose Army, 1987 **Statewide Audiovisual Service ...
