Cobb,2015-01-05 Streamline project workflow with expert agile implementation The Project Management Profession is beginning to go through rapid and profound transformation due to the widespread adoption of agile methodologies Those changes are likely to dramatically change the role of project managers in many environments as we have known them and raise the bar for the entire project management profession however we are in the early stages of that transformation and there is a lot of confusion about the impact it has on project managers There are many stereotypes and misconceptions that exist about both Agile and traditional plan driven project management Agile and traditional project management principles and practices are treated as separate and independent

domains of knowledge with little or no integration between the two and sometimes seen as in conflict with each other Agile and Waterfall are thought of as two binary mutually exclusive choices and companies sometimes try to force fit their business and projects to one of those extremes when the right solution is to fit the approach to the project It is no wonder that many Project Managers might be confused by all of this This book will help project managers unravel a lot of the confusion that exists develop a totally new perspective to see Agile and traditional plan driven project management principles and practices in a new light as complementary to each other rather than competitive and learn to develop an adaptive approach to blend those principles and practices together in the right proportions to fit any situation There are many books on Agile and many books on traditional project management but what is very unique about this book is that it takes an objective approach to help you understand the strengths and weaknesses of both of those areas to see how they can work synergistically to improve project outcomes in any project The book includes discussion topics real world case studies and sample enterprise level agile frameworks that facilitate hands on learning as well as an in depth discussion of the principles behind both Agile and traditional plan driven project management practices to provide a more thorough level of understanding

The Top Books of the Year Tutorial Project Management Tools The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous captivating novels captivating the hearts of readers worldwide. Lets delve into the realm of bestselling books, exploring the captivating narratives that have enthralled audiences this year. Tutorial Project Management Tools : Colleen Hoover's "It Ends with Us" This touching tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover expertly weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. Tutorial Project Management Tools : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This intriguing historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids absorbing storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power of nature, entrancing readers with its evocative prose and mesmerizing setting. These bestselling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Papan, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and gripping novel that will keep you wondering until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
