

A scenic view of a mountain valley at sunset or sunrise. The sky is a mix of orange, yellow, and light blue. In the foreground, a dark, jagged mountain peak is visible on the left. The middle ground shows a valley with a river or stream winding through it, surrounded by more mountains. The background is hazy and shows more mountain ranges. A large, dark, semi-transparent banner is overlaid across the middle of the image, containing white text. Below the banner, there is a small red box with white text and a small white icon with a red dot.

Somewhere in the future
I am remembering today.

Where's Your Mind At? Gregory A. Miller, 2025-06-05 What is the Mind Where is it at and how does it function What does the Mind have to do with Mindful Living Philosophers Thinkers Psychologists Neuroscientists Researchers and many others have pondered these questions There are volumes of literature concerning the location function and structure of the Mind but no one knows for certain Mindful Living is the act of living in the present moment by controlling your thoughts and actions This can be achieved by understanding and using your Mind s cognitive processes First you need to know what the Mind is and how it operates What were you thinking about before you decided to search for some interesting reading material Where was your Mind at These questions set your Mind s cognitive processes into motion in order to answer these questions This book was written to provide all of us with the basic information about an entity that makes us aware of the Self and this reality we call Life I believe this book will inspire you to think and study about how you can achieve peace of Mind and live a stress free way of living Enjoy

Wild Reciter Peter Kirkpatrick, 2024-12-03 Just over a century ago poetry was all the rage in Australia Newspapers and magazines published it entertainers and elocutionists performed it on stages across the country and ordinary Australians recited it in schools local halls and suburban parlours Yet this communal experience of poetry has now largely disappeared In *The Wild Reciter* Peter Kirkpatrick examines how this change occurred by exploring the shifting relationships between poetry and popular culture and in particular the arrival of new media taking the reader from penny readings and vaudeville to slam and Instapoetry Many extraordinary yet wholly forgotten works are brought to light while some well known poems and their authors receive a critical makeover *The Man from Snowy River* encounters the Wild West *Lesbia Harford* turns singer songwriter Kenneth Slessor finds his groove Yevgeny Yevtushenko blows up the Adelaide Festival rock music inspires both John Laws and the Generation of 68 Dorothy Porter resorts to crime fiction and Clive James abandons media fame for poetic glory This pioneering study reimagines the history of Australian verse to arrive at a more expansive notion of poetry
