Think Positive Things Will Go Right A K Kamath,2006 *ARE NEGATIVITIES TROUBLING YOU* BALDEV BHATIA,2016-02-29 ABOUT THE BOOK ARE NEGATIVITIES TROUBLING YOU FORGET THEM LIVE HAPPILY It is very unique book specially written for those who are very negative shaky and weak in their character and who always intend to live a negative life It is said that negative thinking is purely our own matter Though it has got something to do with our external circumstances But there are certainly some positive factors within us that keep us happy and there is something negative within us also which keep us unhappy Happy living through positive and good thoughts is nothing more than that of living a normal life free from undue pressures problems and tensions We must therefore forget our worries and negativities and enjoy our lives happily If we want to live a good and happy life then we need to get rid of the negativity within us which makes us unhappy Negative approach always complicates the problems and increases unhappiness Most of us do the fatal mistake of looking outwards for happiness rather than looking inwards Be positive be strong be bold and be courageous you are sure to find the feeling of happiness within you Even if we are having a bad day think of some good things that may come our way either later that day tomorrow next week or next moment When everything seems to be beyond our control it is almost too easy for us to slip into the grasp of negativity and unhappiness To avoid sadness we must strive to abolish this sort of thinking through the power of thinking positively and generate the feeling of happiness within us The art of sweet living is not a complicated kind of art difficult to learn rather a simple art of happy living feeling well eating well and thinking well What we need to do is just to tune up our mind to enjoy every moment of life and let the sweet happiness follow us This is something that needs to be looked into thoroughly We need to focus on the positive aspects of lives rather than on the negative setbacks and enjoy every moment of life happily and merrily Enjoy your life with cheerful talks Be happy and cheerful We must remember that happy living is the reward of sweet and positive thinking We ought to remember only the positive thinking can bring happiness in our lives If we cannot think positively you cannot live happily Be our own teacher or adviser we ought to look everything with a positive angle Let us find something good even in most critical moments of our life and let us make positive thinking the basis of our happy living It is a matter of thought that fools worry about the circumstances on which they have no control The wise live on positive good and happy thoughts Stress Out Sumner M. Davenport,Aila Accad,Debra Costanzo,2009-11-11 Stress is a constant in our lives such a constant that we actually don't realize we are under stress we think it is just part of life Health surveys report that over 70% of people feel stress everyday Some stress is helpful but most stress is destructive it can age you and it can kill you The focus of this book is STRESS OUT not Stressed out Stressed out is a condition you may be experiencing Stress Out is a solution a command to tell stress who is the boss This book provides quick tips recommendations and techniques that can assist you in having a more healthy relationship with stress *Hearings* United States.
