Thirteen Days:

Thirteen Days Robert F. Kennedy, 2011-04-25 A minor classic in its laconic spare compelling evocation by a participant of the shifting moods and maneuvers of the most dangerous moment in human history Arthur M Schlesinger Jr During the thirteen days in October 1962 when the United States confronted the Soviet Union over its installation of missiles in Cuba few people shared the behind the scenes story as it is told here by the late Senator Robert F Kennedy In this unique account he describes each of the participants during the sometimes hour to hour negotiations with particular attention to the actions and views of his brother President John F Kennedy In a new foreword the distinguished historian and Kennedy adviser Arthur Schlesinger Jr discusses the book s enduring importance and the significance of new information about the crisis that has come to light especially from the Soviet Union

The Passage of Power Robert A. Caro, 2013-05-07 WINNER OF THE NATIONAL BOOK CRITICS CIRCLE AWARD THE LOS ANGELES TIMES BOOK PRIZE THE MARK LYNTON HISTORY PRIZE THE AMERICAN HISTORY BOOK PRIZE One of the New York Times s 100 Best Books of the 21st Century Book Four of Robert A Caro s monumental *The Years of Lyndon Johnson* displays all the narrative energy and illuminating insight that led the Times of London to acclaim it as one of the truly great political biographies of the modern age A masterpiece *The Passage of Power* follows Lyndon Johnson through both the most frustrating and the most triumphant periods of his career 1958 to 1964 It is a time that would see him trade the extraordinary power he had created for himself as Senate Majority Leader for what became the wretched powerlessness of a Vice President in an administration that disdained and distrusted him Yet it was as well the time in which the presidency the goal he had always pursued would be thrust upon him in the moment it took an assassin s bullet to reach its mark By 1958 as Johnson began to maneuver for the presidency he was known as one of the most brilliant politicians of his time the greatest Senate Leader in our history But the 1960 nomination would go to the young senator from Massachusetts John F Kennedy Caro gives us an unparalleled account of the machinations behind both the nomination and Kennedy s decision to offer Johnson the vice presidency revealing the extent of Robert Kennedy s efforts to force Johnson off the ticket With the consummate skill of a master storyteller he exposes the savage animosity between Johnson and Kennedy s younger brother portraying one of America s great political feuds Yet Robert Kennedy s overt contempt for Johnson was only part of the burden of humiliation and isolation he bore as Vice President With a singular understanding of Johnson s heart and mind Caro describes what it was like for this mighty politician to find himself altogether powerless in a world in which power is the crucial commodity For the first time in Caro s breathtakingly vivid narrative we see the Kennedy assassination through Lyndon Johnson s eyes We watch Johnson step into the presidency inheriting a staff fiercely loyal to his slain predecessor a Congress determined to retain its power over the executive branch and a nation in shock and mourning We see how within weeks grasping the reins of the presidency with supreme mastery he propels through Congress essential legislation that at the time of Kennedy s death seemed hopelessly logjammed and seizes

on a dormant Kennedy program to create the revolutionary War on Poverty Caro makes clear how the political genius with which Johnson had ruled the Senate now enabled him to make the presidency wholly his own This was without doubt Johnson s finest hour before his aspirations and accomplishments were overshadowed and eroded by the trap of Vietnam In its exploration of this pivotal period in Johnson s life and in the life of the nation *The Passage of Power* is not only the story of how he surmounted unprecedented obstacles in order to fulfill the highest purpose of the presidency but is as well a revelation of both the pragmatic potential in the presidency and what can be accomplished when the chief executive has the vision and determination to move beyond the pragmatic and initiate programs designed to transform a nation It is an epic story told with a depth of detail possible only through the peerless research that forms the foundation of Robert Caro s work confirming Nicholas von Hoffman s verdict that Caro has changed the art of political biography [The 1960s on Film](#) Jim Willis, Mark Miller, 2021-10-11 *The 1960s on Film* tells the narrative of the 1960s through the lens of the movie camera analyzing 10 films that focus on the people events and issues of the decade Films create both an impression of and at times for younger audiences a primary definition of events people and issues of an era *The 1960s on Film* examines the 1960s as the decade was presented in ten films that focused on that decade This book analyzes both what the films have to say about the era and how close they come to accurately depicting it For example films such as *Mississippi Burning* and *Selma* tell the story of racial conflict and hope for reconciliation in the 1960s Other films such as *The Right Stuff* and *Hidden Figures* show the deep fascination America had at that time with the burgeoning space program and NASA while *Easy Rider* analyzes the role of rock music and drugs among young people of the decade *The Deer Hunter* studies the controversies surrounding the war in Vietnam **The JFK Image** Raluca Lucia Cimpean, 2014-10-16 One of the most popular presidents of the twentieth century John F Kennedy has been the subject of countless books documentaries and portrayals both on television and in feature films Whether depicting his exploits during World War II PT 109 capturing crucial moments during his presidency *Thirteen Days* or providing a fictionalized account of his assassination Executive Action films continue to portray Kennedy and his legacy In *The JFK Image Profiles in Docudrama* Raluca Lucia Cimpean examines John F Kennedy s representations in motion pictures focusing on how the late president s image has been constructed to keep the myths of the Kennedy era and Camelot alive The volume explores those myths through docudramas which combine the aesthetic and narrative codes of documentaries with those of fiction to portray the characters and events of the Kennedy era as classic battles between good and evil Beginning with an examination of the docudrama and its uses this book analyzes the Kennedy image with its focus on the New Frontier Camelot and revisionist approaches and then provides in depth examinations of such films as *JFK In the Line of Fire* and *The Rat Pack* Drawing on archival research and Kennedy letters only recently released to the public *The JFK Image* will be of great interest to scholars of film and popular culture as well as those working in political science the culture of the 1960s and of course Kennedy studies **Annual Report** Alaska Agricultural Experiment Stations (U.S.), 1907
