Peter J. Frost

Transition Into Business:

The Friedman-Lucas Transition in Macroeconomics Peter Galbács,2020-02-20 The Friedman Lucas Transition in Macroeconomics A Structuralist Approach considers how and to what extent monetarist and new classical theories of the business cycle can be regarded as approximately true descriptions of a cycle s causal structure or whether they can be no more than useful predictive instruments This book will be of interest to upper division undergraduates graduate students researchers and professionals concerned with practical theoretical and historical aspects of macroeconomics and business cycle modeling Offers a wide selection of Robert Lucas s unpublished works Discusses the history of business cycle theories in the context of methodological advancements Suggests effective arguments for emphasizing the key role of representative agents and their assumed properties in macro modeling

Knowledge and Innovation in Business and Industry Håkan Håkansson,Alexandra Waluszewski,2007-05-09 Provocative and reflective this volume on the notion of knowledge and innovation in the business industry provides readers with a holistic approach to the subject of knowledge Structuring their arguments around four case studies of innovation within four entirely different contexts Håkansson and Waluszewski invite the business minded reader to consider the costs of adopting new knowledge and innovation within a business setting This book questions the long held assumption that new knowledge and innovation are universally advantageous follows the tremor of an innovation as new knowledge reverberates through or is dampened by the larger economic community including cultural structures the industrial standards and the foundational assumptions that rule a particular economic domain focuses in particular on the interfaces where the innovative agent connects to its customers suppliers and competitors An ideal reference source for postgraduate students taking advanced courses in science and technology studies innovation management industrial marketing and purchasing technological development and innovation systems
