*The Transitional Program & the Struggle for Socialism* Leon Trotsky,1999 The Transitional Program for Socialist Revolution Leon Trotsky,1974 **Transitional Program for Socialist Revolution** Leon Trotsky,2018 **Unity & Strategy: Ideas for Revolution / The Transitional Program for Socialist Revolution and Other Writings** Leon Trotsky,Daniel Bensaid,Duncan Hallas,2015-02-12 *Trotsky, Trotskyism and the Transition to Socialism* Peter Beilharz,2019-11-19 First published in 1987 Trotskyists have long dominated the revolutionary tradition on the Western left Written from a critical socialist standpoint this book provides an analysis of Trotskyism and argues that Trotskyism is increasingly irrelevant as a means of achieving socialism It argues that as the realisation grows that the revolutionary tradition and the authoritarianism which necessarily result from it are wrong the importance of the problem of the transition to socialism increases It argues that on this point Trotskyism is weak that Trotskyism s proposals for socialist transition are largely rhetorical and that its democratic impulse is weak It supports this argument by showing that Trotsky s philosophy of history implicit in his writings which the author characterises as evolutionary and necessitarian coupled with a failure to grasp the moral basis of the socialist case has a disabling effect on Trotsky s account of the transition to socialism and on his explanation of Stalinism Moreover it argues that Trotsky s intellectual and political heirs have been unable to escape from the contradictions inherent in his thought *The Transitional Program for Socialist Revolution, Including The Death Agony of Capitalism and the Task* Leon Trotsky,George Novack,Joseph Hansen,1974 **Trotskyism in the United States** Paul Le Blanc,Alan Wald,George Breitman,2016-12-01 In the new edition of this definitive work on the history of the revolutionary socialist current in the United States that came to be identified as American Trotskyism Paul Le Blanc offers fresh reflections on this history for scholars and activists in the twenty first century Includes a preface written especially for the new edition of this distinctive work Paul Le Blanc is a professor of History at La Roche College and author of Choice Award winning book *A Freedom Budget for All Americans* Trotsky's Theory of Permanent Revolution Doug Lorimer,1998 International Trotskyism, 1929-1985 Robert Jackson Alexander,1991 In a work of encyclopedic scope International Trotskyism 1929 1985

is sure to become the definitive reference work on a movement that has had a significant impact on the political culture of countries in every part of the world for more than half a century. Renowned scholar Robert J. Alexander has amassed from disparate sources an unprecedented amount of primary and secondary material to provide a documentary history of the origins, development, and nature of the Trotskyist movement around the world. Drawing on interviews and correspondence with Trotskyists, newspaper reports and pamphlets, historical writings including the annotated writings of Trotsky in both English and French, historical memoirs of Trotskyist leaders, and documents of the Fourth International, Alexander recounts the history of the movement since Trotsky's exile from the Soviet Union in 1929. Organized alphabetically in a double column country-by-country format, this book charts the formation and growth of Trotskyism in more than sixty-five countries, providing biographic information about its most influential leaders, detailed accounts of Trotsky's personal involvement in the development of the movement in each country, and thorough reports of its various factions and splits. Multiple chapters are reserved for countries where the movement was more active or fully developed, and various chapters are organized around crucial thematic issues such as the Fourth International. The chapters are followed by extensive name, organization, publication, and subject indexes which provide optimal access to the wealth of information contained in the main body of the work.

**Education for Socialists**, 2002     Trotskyism and Maoism A. Belden Fields, 1988

The theory and practice of communism today does not adhere rigidly to the dogma of the Communist Party. This book provides a systematic comparison of Trotskyist and Maoist politics in theory and practice. Pulling together material from widely scattered sources into a comprehensive framework, Trotskyism and Maoism follows the development of the Trotskyist and Maoist movements in France and in the United States from the 1930s to the present. Scholars of political theory, Western European studies, and social history will applaud its publication.

**Prospects for Socialism in America** Jack Barnes, Mary-Alice Waters, 1976     **The Role of the Transitional Program in the Revolutionary Process** George Edward Novack, 1972     **Spartacist**, 1998     **Trotskyism and the Dilemma of Socialism** Chris Z. Hobson, Ronald D. Tabor, 1988-10-19

Written by two long-time scholar-activists, this book is a detailed history of the Trotskyist movement set against the background of the Russian Revolution and the evolution of Soviet society. As the first comprehensive study of the subject in English, Trotskyism and the Dilemma of Socialism traces the ideas and activities of the Trotskyist movement over six decades and five continents. The history is paced within the context of the attempts by Trotsky and the movement to understand the nature of the evolving Soviet society, as in Trotsky's theory of the degenerated workers state. Particularly valuable is the authors' in-depth analysis of the Soviet economy.
