Zamyatin Rashomon and Seventeen Other Stories Ryunosuke Akutagawa, 2007-04-05 Ryunosuke Akutagawa 1892-1927 is one of Japan's foremost stylists, a modernist master whose short stories are marked by highly original imagery, cynicism, beauty, and wild humour. *Rashomon* and *In a Bamboo Grove* inspired Kurosawa's magnificent film and depict a past in which morality is turned upside down, while tales such as *The Nose*, *O-Gin*, and *Loyalty* paint a rich and imaginative picture of a medieval Japan peopled by shoguns and priests, vagrants and peasants. And in later works such as *Death Register*, *The Life of a Stupid Man*, and *Spinning Gears*, Akutagawa drew from his own life to devastating effect, revealing his intense melancholy and terror of madness in exquisitely moving, impressionistic stories.

RASHŌMON and other stories RYUNOSUKE AKUTAGAWA, 2025-01-04 *Rashomon* The story is set in a dilapidated *Rashomon* gate in Kyoto during a time of social and economic decline. A nameless servant, recently dismissed by his master, takes refuge under the gate to escape a rainstorm. He is faced with a moral dilemma: should he uphold his principles and starve, or abandon his ethics to survive? While under the gate, the servant encounters an old woman plucking hair from the corpses left there. She explains that she uses the hair to make wigs to sell and survive. The woman justifies her actions by claiming that the dead in life were also dishonest, so her deeds are no worse. Moved by desperation, the servant decides to abandon his morality. He attacks the old woman, robs her, and leaves her unconscious, resolving to do whatever it takes to survive.

The Essential Akutagawa Ryūnosuke Akutagawa, 1999 Eastern and Western Ancient and Modern Masculine and Feminine collapse in his extraordinarily innovative and lucid prose. **BOOK JACKET** *Japanese and Western Literature* Armando Martins Janeira, 2016-08-09 Japanese and Western Literature delves deeply into Japanese culture to discover the concepts that similarize and differentiate Japanese and Western literary creations. Paralleling Japanese literary creations and fundamental thought with those of the West, the author draws many illuminating comparisons, for example, between the novels of Murasaki Shikibu and Marcel Proust, between the Portuguese poet Torga and the haiku master Issa, and between the picaresque novel in Japan and in the West. Contrastive studies are also made into such concepts as time, nature, love, and tragedy. This broad yet incisive survey of Japanese literary genres and themes is more than a comparative study of literature; however, it is an attempt to grasp the core of Japanese culture by setting it against world culture. From this born a complex of new ideas and problems, and the author is able to probe the extent of Western influence on Japanese fiction, poetry, and essays in the past hundred years.

Guide to Japanese Prose Alfred H. Marks, Barry D. Bort, 1984 *Modern Japanese Prints* Carnegie Museum of Art, 2009 A selection of exemplary 20th-century Japanese woodblock prints from the collection of the Carnegie Museum of Art. This volume presents more than 1,000 exemplary twentieth-century Japanese woodblock prints from the collection of Carnegie Museum of Art in Pittsburgh. Taken together, the collection reflects the stylistic movements, aesthetic directions, and historic changes of the past century, with particular emphasis on two significant movements: *sosakuhanga* (creative prints) represented by in-depth selections by Hiratsuka Un'ichi, Onchi Koshiro, and Munakata Shiko; and *shin hanga* (new prints) with works by Kawase Hasui.

and Hashiguchi Goyo Carnegie Museum of Art also possesses several complete series of prints produced in such limited numbers that they are rarely seen today including One Hundred Views of New Tokyo created between 1929 and 1932 In addition an essay on the history and significance of the collection provides a brief introduction to Japanese printmaking in the twentieth century making this illustrated guide an invaluable reference for researchers curators collectors and general enthusiasts of Japanese art
