**Mostly Guilty** Michael Challenger, 2021-03-01 A book for the general reader rather than lawyers this often tongue in cheek account of Michael Challenger's interactions with the criminals he defends gives a first hand account of the quirky nature of human beings Mostly Guilty deals with the workings of the lowest level of the Australian legal system It's about the down to earth cases that happen daily in Magistrates Courts It does so through the experiences and anecdotes of a low flying criminal barrister While the cases are from Victoria the book makes reference to other states and has relevance and interest Australia wide The style is light punchy and informal with lots of direct speech and many funny yarns Some of the book is tongue in cheek and even politically incorrect but it also makes serious points throughout It's entertaining as well as informative The chapters are short and generally deal with specific offences shop theft for example or areas of law bail Others recount particular cases in an ironic or colourful way Most cases are of low to medium criminality so the light hearted tone is not inappropriate Most legal memoirs are by big shot advocates or retired judges Mostly Guilty is different and doesn't take itself too seriously
