## **The Copper Beech:**

*The Copper Beech* Maeve Binchy, 1993 Eight children once carved their names on the trunk of the great copper beech tree which shades the schoolhouse in Shancarrig Now these children are grown They have different lives but it was the school that formed them and made them what they are For each their home town of Shancarrig holds special memories some too private ever to be told

**The Copper Beech** Maeve Binchy, 2007-05-29 NEW YORK TIMES BESTSELLER The Copper Beech is as soothing as a cup of tea People In the little Irish town of Shancarrig the young people carve their initials and those of their loves into the copper beech tree in front of the schoolhouse But not even Father Gunn the parish priest who knows most of what goes on behind Shancarrig s closed doors or Dr Jims the village doctor who knows all the rest realize that not everything in the placid village is what it seems Unexpected passions and fears are bringing together many lives such as the sensitive new priest and Miss Ross the slight beautiful schoolteacher Leonora the privileged daughter of the town s richest family and Foxy Dunne whose father did time in jail and Nessa Ryan whose parents run Ryan s Hotel and two very different young men For now the secrets in Shancarrig s shadows are starting to be revealed from innocent vanities and hidden loves to crimes of the heart and even to murder Praise for *The Copper Beech* A book with a difference You ll take it home to lend to your best friend The New York Times Book Review Binchy makes you laugh cry and care Her warmth and sympathy render the daily struggles of ordinary people heroic and turn storytelling into art San Francisco Chronicle The Copper Beech finds author Maeve Binchy at her Irish storytelling best Cleveland Plain Dealer [The Copper Beech](#) Maeve Binchy, 2007-12-26 Esther Page has been trying to keep things together for as long as she can remember Valley that s her mama has always gotten funny notions like gardening indoors or living as the Amish do without any electricity And Esther has always cleaned up after those notions and watched out for her little sister Ruth But Valley s notions are getting wilder and too many people are asking questions about what s going on at home It seems to Esther that the only person who can help is Ezekiel the father she can barely remember Ezekiel was a preacher that much is certain so Esther takes Ruth on a search through all the churches in town Somebody somewhere must know about Ezekiel

COPPER BEECH By the school house at Shancarrig stands a copper beech its bark scarred with the names and dreams of the pupils who have grown up under its branches This tree is the gateway to Maeve Binchy s marvellous portrait of a small Irish town whose untroubled surface conceals the passions rivalries friendships ambitions and jealousies beneath EVENING CLASS Among the many evening classes starting all over Dublin is an Introduction to Italian On the surface it could be just one of hundreds in which some students will succeed and some will fall along the way But the Italian class at Mountainview School has its own special quality and the hopes and dreams of many people are tied up in the twice weekly lessons **The Passionate Tree** Beatrice Sheepshanks,1927 Yorktown Linda G. Cooper,Adele Hobby,John Tegeder,Susan Hack-Lane,2008 Yorktown is one of the northernmost towns in Westchester County This volume of vintage postcards draws from a time when the railroad was a predominant fixture in the community and travelers flocked to summer hotels and lakeside bungalow colonies Often thought of as ephemera something to be used and thrown away postcard images have proven over time to be a valuable document of a time and place For those who were visitors and those who received postcards these striking images capture the past in terms of Yorktowns architecture entertainment commerce and community *Family Wealth* James E. Hughes, Jr.,2010-05-25 The landmark book that changed the way exceptional families think about their heritage their wealth and their legacy to future generations now revised and expanded Every family looking at the next generation hopes to confer advantages that are more than just material and financial to inculcate character and leadership to inspire creativity and enterprise to help all family members find and follow their individual callings and to avoid the financial dependency and loss of initiative that can all too often be an unwanted consequence of financial success Yet many families never succeed in realizing that vision much less sustaining it for three four or five generations and beyond James Hughes has thought deeply about these challenges and his insights are at once practical and profound For more than three decades he has personally guided multiple generations of families in creating strategies to preserve their human and intellectual capital as well as their financial assets His teachings synthesize insights from psychology anthropology political history philosophy economic theory and the law with examples ranging from Aristotle to cutting edge social science theory His ideas have been taken up by numerous exceptional families by their advisers and by scores of authors practitioners and academics who have found value in the methods he pioneered The first edition of this book privately published became a word of mouth classic Now Hughes has updated and substantially expanded it with new chapters that challenge conventional notions of wealth and offer guidelines for conserving family assets in the broadest senses Filled with tested principles and practices for family governance and joint decision making it is a rich source of workable wisdom that family members can put into practice today to the enduring benefit and gratitude of future generations **Nature Spirits of the Trees** Verena Stael von Holstein,2019-12-11 People often ask us about the best way to come close to nature and the beings enchanted within it One way to do so is through wonder and astonishment to open our senses fully to nature s beauty and wisdom And

here we can encounter entities that most closely resemble human beings the trees Verena has learned to communicate with elemental and nature beings and to translate their language into terms we can understand In her remarkable book *Nature Spirits and What They Say* she conversed with a range of beings including spirits of fire air water and stone In this new volume we hear from trees the nature spirits that in many ways are most similar to human beings Through Verena's remarkable clairvoyant abilities conversations with different tree species such as sweet cherry rowan elm and common oak are relayed These communications reveal compelling insights into the role of trees within the natural world and their relationships with the vegetable animal human and spirit kingdoms Particular emphasis is placed on the characteristics of trees that correspond with qualities of the human soul such as the oak's connection to individualism The tree spirits want to speak and are responsive all kinds of questions such as their roles in the landscape their specific shapes on problems that affect them in particular and on urgent issues that are relevant to all beings on earth such as climate change The interviews disclose beautiful fascinating and often challenging insights offering inspiration to help us build more constructive relationships to these wonderful entities

**The New Materia Medica** Colin Griffith,2012-01-01 *The New Materia Medica* is a source book of information on some of the most exciting new crystal botanical and animal remedies now in use by practitioners of the Guild of Homeopaths These remedies proven through the practice of meditation and with a reputation for remarkable success are extraordinary for their depth of action reaching far into a patient's psyche and history Each entry gives a description of the original substance in its natural state and an outline of its medicinal and traditional uses along with crystal essence cures where applicable and explanations of the remedies' affinities for the chakras and the associated glands and organs All the remedies also include detailed information on their mental emotional and physical effects on the individual parts of the body Summarized case notes show clinical evidence of efficacy of these therapies and illustrate their day to day use
