Building Trust and Managing Conflicts Lukas Thielen,2019-02-25 Essay from the year 2017 in the subject Business economics Business Management Corporate Governance grade 2 0 International University of Applied Sciences language English abstract At the turn of the century globalisation and the use of communication technologies enabled organizations to alter their organization based structures from traditional to virtual settings The use of agile teams that can be arranged on the fly has expanded considerably in response to the competitive complex and challenging business environment Traditionally teams operated in face to face

settings but with advances in information and communication systems virtual collaboration has become commonplace Virtual teams have plenty of advantages Companies can bring together their best global talents at low cost while offering their employees great flexibility and autonomy Since team members span multiple time zones and are able to work parallel instead of sequential organizations are able to significantly reduce their response time and time to market It is fair to say that the digital evolution is transforming the future of work But the benefits of virtual collaboration come with challenges that need to be mastered by organizations Project coordination building relationships establishing trust and achieving effective teamwork are only few aspects that differ from conventional teams when considered in detail Teams with multi cultural backgrounds that are geographically dispersed and virtually composed have been in practice and studied for more than three decades Yet managers still struggle with how to get them perform and collaborate properly Bad communication non existing trust and conflicts seem to be the main causes of failure in virtual collaboration The purpose of this research essay is to understand the characteristics of managing virtual teams by analysing relevant literature focused on the areas of building trust and managing conflicts in particular The essay aims to examine the impact and relation that trust and conflict management have with the performance of a team and the group s cohesion

Virtual University? Henk van der Molen,2001 Higher education institutions around the world are experimenting with many different types of virtual learning environments This book argues that information and communication technologies will have a major impact on teaching and learning and universities should have a strategy to meet this change It posits that institutions and individuals will not be able to individually obtain the best advantages from these new technologies that there is need for specialization and cooperation Experiences with Internet learning indicate that students as well as teachers have to accept patterns quite different from the traditional teaching learning pattern Traditional university staff may resist these changes but institutions which do not adjust to the new opportunities are likely to shrink or even disappear

Merge Ahead: Mastering the Five Enduring Trends of Artful M&A Gerald Adolph,Justin Pettit,Michael Sisk,2008-10-20 Prior to the economic downturn of 2008 2009 the number of mergers and acquisitions reached an historic high Whatever happens next

one thing is clear mergers acquisitions and growth will be more important than ever Those who prepare their organizations for a multifaceted growth strategy integrating acquisitions organic growth and alliances will be the ones most likely to survive the difficult years and seize the opportunities in tomorrow s restructured industries If you re a corporate leader of a company large or small there s a merge ahead in your future With Merge Ahead corporate leaders and M A professionals across the deal making spectrum will have at their fingertips an insightful accessible guide to the forces driving today s deal environment and the most effective strategic and tactical responses for managing them Merge Ahead provides key advice on managing the five major M A trends that are shaping the corporate landscape Creating the relevant scale and coherence a company needs for profitable growth Using deliberate speed to manage increasing velocity and stakeholder impatience Coping with increased competition as the new blue chip companies from emerging markets pursue deals globally Competing with a host of agile and deep-pocketed financial buyers including private equity and sovereign wealth funds Managing growing waves and bubbles of M A activity that can drive valuations to unsustainable heights Merge Ahead contains the most up to date information available on recent mergers and trends in the world of M A It conveys critical information in concise and fast paced language providing busy executives a hands on resource that won t bog them down All signs point to M A as one of the most useful vehicles of growth now and in the future Let Merge Ahead be your guide through the sometimes rocky but ultimately fruitful and exciting new landscape of mergers and acquisitions
