The Topical Notebooks of Ralph Waldo Emerson Ralph Waldo Emerson, 1990 Published here for the first time are seven of Emerson's topical notebooks which served as a source for his lectures, essays, and books of the 1850s, 1860s, and 1870s. Concerned primarily with nature, art, philosophy, American culture, and his contemporaries, the notebooks presented in this first of a three-volume edition afford fascinating insight into Emerson's creative practices. They will offer new perspectives for future readings of his completed works. The editors provide faithful transcriptions of the notebooks using the highest standards of textual practice. Their detailed annotations describe and comment on erased or revised passages, translate Greek and Latin quotations, and identify books and articles referred to in the texts of the notebooks. References to similar passages in Emerson's journals, lectures, and published works are also provided in the annotations. Publication of these notebooks will enable scholars to trace ideas that have gone unnoticed previously. **The Topical Notebooks of Ralph Waldo Emerson Volume 1** offers valuable insight into the art and philosophy of one of America's foremost thinkers. These volumes will be an important addition to any personal or institutional library of nineteenth-century American literature. Publishers website

Shakespeare Manual Frederick Gard Fleay, 1876 [Thomas North's 1555 Travel Journal](#) Dennis McCarthy, June Schlueter, 2021-02-11 [Thomas North's 1555 Travel Journal From Italy to Shakespeare](#) makes available a little-known early modern journal kept by a member of Queen Mary's delegation to Rome, its purpose to win papal approval of England's return to Roman Catholicism. The book provides details of the six-month journey, a discussion of the manuscript, and an identification of the twenty-year-old Thomas North as its author. It also points to numerous connections between the journal and the plays of Shakespeare, extending the playwright's debt beyond North's translation of Plutarch's *Lives* and revealing how the journal served as a template for *The Winter's Tale* and *Henry VIII*. Both the authors argue were written by North during the Marian years 1554-58 and later adapted by Shakespeare. Like the authors' 2018 *A Brief Discourse of Rebellion and Rebels* by George North, this book presents original work using digital research tools, including massive databases and plagiarism software. The earlier book garnered worldwide attention with a front-page story in *The New York Times*.

The Winter's Tale William Shakespeare, 2018 *The Winter's Tale* is a play by William Shakespeare, originally published in the First Folio of 1623. Although it was grouped among the comedies, some modern editors have relabelled the play as one of Shakespeare's late romances. *Catalogue of the Library of the Peabody Institute of the City of Baltimore*, 1883 **Bulletin ...** Minnesota.
