The May Queen Andrea N. Richesin, 2006-03-23 If recent bestsellers such as *The Bitch in the House* and *Midlife Crisis at Thirty* serve as any indication of how women are experiencing their thirties who can blame women embarking upon this decade in their life for panicking Yet as the contributors to this thoughtful and inspiring book attest it doesn't have to be so scary In *The May Queen* a wide array of women including bestselling author Jennifer Weiner and star of the hit independent film *Kissing Jessica Stein* Heather Juergensen describe the conflicting emotions they've felt in response to the anything is possible message women of their generation receive And yet all of the women featured in this book have found their thirties to be a time of great opportunity a period in their lives in which they're taking the time to consider what they have lost what they have gained and what they still need to learn This book gives a powerful voice to a new generation of women beginning to make its mark on the world

Ten Men Alexandra Gray, 2006-05 A best seller in the UK this witty and endearing novel about a woman's mission to discover what will make her truly happy introduces ten extraordinarily different men but none it seems that entirely fits our heroine's needs Among them are *The Virgin* who has charm but can't spell experience *The Lord* whose stiff upper lip makes for a stiff upper life and *The Billionaire* a walking bankroll with a bankrupt heart So when *The Actor* has been dumped *The Lawyer's* BMW consolation prize sold and *The Schoolmaster* left behind there's only so much she can give to *The Lover* who's out of her head when he's out of her bed *Mr Cerebral* a late night brilliant idea always gone by morning or *The Director* who can't say Cut to his own wife After journeying across several continents in search of the perfect man our smart and stylish protagonist finally realizes that not one of these men has made her feel complete on the road to fulfillment the first person she must learn to satisfy is herself

Perfect Madness Judith Warner, 2006-02-07 A lively and provocative look at the modern culture of motherhood and at the social economic and political forces that shaped current ideas about parenting What is wrong with this picture That's the question Judith Warner asks in this national bestseller after taking a good hard look at the world of modern parenting at anxious women at work and at home and in bed with unhappy husbands When Warner had her first child she was living in Paris where parents routinely left their children home with state subsidized nannies to join friends in the evening for dinner or to go on dates with their husbands When she returned to the States she was stunned by the cultural differences she found toward how people think about effective parenting in particular assumptions about motherhood None of the mothers she met seemed happy instead they worried about the possibility of not having the perfect child panicking as each developmental benchmark approached Combining close readings of mainstream magazines TV shows and pop culture with a thorough command of dominant ideas in recent psychological social and economic theory *Perfect Madness* addresses our cultural assumptions and examines the

forces that have shaped them Working in the tradition of classics like Betty Friedan s *The Feminine Mystique* and Christopher Lasch s *The Culture of Narcissism* and with an awareness of a readership that turned recent hits like *The Bitch in the House* and Allison Pearson s *I Don t Know How She Does It* into bestsellers Warner offers a context in which to understand parenting culture and the way we live as well as ways of imagining alternatives actual concrete changes that might better our lives
