## **We Almost Made It:**

**Almost Made It** Reginald Haché, 2012-07-02 If you've ever experienced stage fright this is a must-read dissertation on the subject of controlling one's emotions during concert performances. You will find methods in this book circumventing this debilitating problem, enabling you to find the confidence necessary to be able to give competent and enjoyable piano recitals in public. You will also discover why this method, which was so effective during the days of the great composers and performers of the seventeenth and eighteenth century, was so adamantly recommended to colleagues and their own piano students. In fact, some of these great composers went so far as to be very critical of performers avoiding the old-fashioned method of performance for the more theatrical musical presentation introduced by Franz Liszt. Whatever the case, keep in mind that stage fright can be hazardous to one's ability to perform in public. This book should give you an optional method to get the job done so to speak and make public performance a joy rather than a terrifying experience you may never want to repeat during your lifetime. R. W. Hache

**One Who Almost Made It Back** Peter Celis, 2008-10-16 The little-known real-life account of a Canadian hero's courage and loyalty in the face of Nazi Germany's greatest horrors during World War II. On the night of 27-28 April 1944, Teddy Blenkinsop and his crew were acting as deputy master bombers during a Pathfinder raid on Montzen in Belgium. After a successful attack, their Lancaster was shot down. Miraculously, he survived to be protected by Belgian citizens before ending his days in Bergen-Belsen concentration camp. Little was known of his exploits in between until Peter Celis, a Belgian air force officer, began to research the story. What he uncovered is far more amazing than any fictional film could be. He found that Blenkinsop was not only an exceptional and gallant operational pilot but that his loyalty, dedication, and devotion were second to none and that his bravery and fearlessness led him to make the supreme sacrifice in the face of Nazi Germany. Written with pace and insight, this is an uplifting account of an outstanding young man who very nearly made it back home.

*Transgressive Humor in Classrooms* David E. Low, 2024-04-09 In this innovative book, David E. Low examines the multifaceted role of humor in critical literacy studies. Talking about how teachers and students negotiate understandings of humor and social critique vis-à-vis school-based critical literacy curriculums, the book co-examines teachers and students' understandings of humor and critique in schools. Critical literacy centers discussions on power and social roles but often overlooks how students use transgressive humor as a means to interrogate power. Through examples of classroom interactions and anecdotes, Low analyzes the role of humor in classroom settings to uncover how humor interplays with critical inquiry, sensemaking, and nonsense-making. Articulated across the fields of literacy studies and humor studies, the book uses ethnographic data from three Central California high schools to establish linkages and dissonances between critical literacy education and adolescents' joking practices. Adopting the dialectic of punching up and punching down as a

conceptual framework the book argues that developing more nuanced understandings of transgressive humor presents educators with opportunities to cultivate deeper critical literacy pedagogies and that doing so is a matter of social justice Essential for scholars and students in literacy education this book adds to the scholarship on critical literacy by exploring the subversive power of humor in the classroom **B-24 Liberator Units of the Fifteenth Air Force** Robert F Dorr,2012-12-20 The sterling work of the Fifteenth Air Force is often overshadowed by the glamorous Mighty Eighth yet the men flying the B 24 fought ceaselessly right through to VE Day **Artisans of Time** M.
