We Are All Equal:

We Are All Equal Bradley A. Levinson,2001-07-12 An ethnographic study of a Mexican secondary school showing how Mexican youth appropriate state discourse about equality to construct individual identity **Activists Assemble: We Are All Equal!** Kingfisher,Shannon Weber,2021-01-12 What is equality A big question to answer and an even bigger topic to implement Activists Assemble We Are All Equal explains what it is to be a citizen how important it is to treat and be treated as equal within the society and how you can use your voice to champion equality Discover the history of equality both the successes and the tragedies meet past and present faces who overcame discrimination to be a voice for us all and explore ways you can make a difference and challenge inequality Important topics such as disabilities gender religion and race are discussed giving readers all the information and practical advice needed to get their voices heard An activity section gives readers the opportunity to explore equality further they can test their equality knowledge start important conversations using the discussion time questions as well space to write down their thoughts and observations **Awakening** Dr. Surindar Suri,2024-12-19 In a burning world of today you can achieve peace of mind only if you awaken your mind by meditation following spiritual teachings of great Prophets who came on this earth from time to time Awakening of mind is the need of time to achieve the peace of mind Awareness is like the sun when it shines on things they are transformed You are rich when you are content and happy with what you have Peace does not mean to be in a place where there is no voice troubles or hard work it means to be in the midst of those things and still be calm in your heart Be soft do not let the world make your hard Do not let pain make you heart Do not let the bitterness steal your sweetness Remember when root is deep there is no reason to fear of wind In this book of mine Awakening I have thrown light on various subjects to awaken your mind and to have a happy and peaceful life To believe is to perceive either by senses or the soul This distinction constitutes two classes the sceptic and the believer which though dependent on may yet be incomprehensible to each other but both being necessary to established the balance of thought they are forced into existence and become the links and cross links which make life s endless chain from thought to truth It is a great thing to know the laws of physical nature and exercise control over it But still greater is to know the laws which govern the human mind and it is the greatest victory to conquer the mind which conquered the matter so that he remains no more slave to the matter to conquer which he worked so hard and thus avoid the greatest contradiction of life Dr Surindar Singh Suri **We Are All Equal** P.
