The British Journal of Photography William Crookes, T. A. Malone, George Shadbolt, John Traill Taylor, William Blanchard Bolton, Thomas Bedding, 1930 Anton Stankowski Anton Stankowski, Frank-Thorsten Moll, Ursula Zeller, 2012
Sheltering Eye Jacksonville Museum of Modern Art, 2006 **The Nature of Still Life** Peter Weiermair, 2001 **Das zweite Gesicht** Wolfgang Brückle, 2002 The human face has fascinated photographers and their audiences ever since the medium's inception in the 19th century. And just as photography has changed since its invention, so has the way in which the human face is portrayed. Using the work of photography's great pioneers to its contemporary innovators, this book traces the stunning technical possibilities of camera and film. As subject matter, the human face is continually manipulated through amazingly diverse aesthetic strategies: playful, imaginative, provocative, and even subversive. Here, nine brilliant essays focus on the many techniques of rendering the photographic portrait, such as photomontage, multiple exposures, digitalization, and animation. The book includes nearly 150 images ranging from Francis Galton's composite pictures from the 1880s, pictorialism at the turn of the century, experiments by the avant-garde, and subjective photography of the post-war years to today's synthesized photographs and interactive sculptures. The book arranges the photographs into five thematic sections, revealing how the act of reinventing the classic image of the human face compels us to reexamine our relationships with others and with life itself. *Artbibliographies Modern*, 1995 Abstracts of journal articles, books, essays, exhibition catalogs, dissertations, and exhibition reviews. The scope of *ARTbibliographies Modern* extends from artists and movements beginning with Impressionism in the late 19th century up to the most recent works and trends in the late 20th century. Photography is covered from its invention in 1839 to the present. A particular emphasis is placed upon adding new and lesser-known artists and on the coverage of foreign language literature. Approximately 13,000 new entries are added each year. Published with title LOMA from 1969-1971. **Meggs' History of Graphic Design** Philip B. Meggs, Alston W.
