

**1966**  
 I took this photo in our kitchen towards the end of 1966 when Kubrick was shooting *Comedians*. One night when he had just had French wine after coffee and I'd been through the kitchen I got this looking at something in it.

## Stanley Kubrick A Life in Pictures

PART TWO  
 1965-1999

**1966**  
 Kubrick had this photograph in the kitchen taken in London when he visited in early 1966 for the pre-production of *2001: A Space Odyssey*. He shot it with one of his favourite cameras. He chose Kubrick. This was a camera with a black box that automatically increased film left to right according to the white screen. (Kubrick like that used film.)

Kubrick is on the left. One frame from *2001* shot on the film set with Kubrick with the camera in the foreground and the white box on the left.
