## Stanley The Making Of An African Explorer:

Stanley Frank McLynn,1991 Stanley, the Making of an African Explorer, 1841-1877 Frank McLynn,2001 This biography recounts the life of the eccentric and indomitable African explorer Henry M Stanley who circumnavigated the Lakes Tanganyika and Victoria fixed the source of the Nile and traveled the length of the Congo River *Stanley in Africa* James P. Boyd,2019-09-25 Reproduction of the original Stanley in Africa by James P Boyd **Henry M. Stanley** Arthur Hallam Montefiore Brice,1903 Nineteenth-Century Travels, Explorations and Empires, Part II vol 7 Peter J Kitson,William Baker,2021-12-16 A collection of writings on travels undertaken in the Victorian era The texts collected in these volumes show how 19th century travel literature served the interests of empire by promoting British political and economic values that translated into manufacturing goods **Explorers of the Nile** Tim Jeal,2011-11-01 A highly enjoyable account of six men and one woman who journeyed into uncharted and treacherous African terrain to find the source of the White Nile The Washington Post Nothing obsessed explorers of the mid nineteenth century more than the quest to discover the source of the White Nile It was the planet s most elusive secret the prize coveted above all others Between 1856 and 1876 six larger than life men and one extraordinary woman accepted the challenge Showing extreme courage and resilience Richard Burton John Hanning Speke James Augustus Grant Samuel Baker Florence von Sass David Livingstone and Henry Morton Stanley risked their lives and reputations in the fierce competition National Book Critics Circle Award winning author Tim Jeal deploys fascinating new research to provide a vivid tableau of the unmapped Dark Continent its jungle deprivations and the courage as well as malicious tactics of the explorers On multiple forays launched into east and central Africa the travelers passed through almost impenetrable terrain and suffered the ravages of flesh eating ulcers paralysis malaria deep spear wounds and even death They discovered Lakes Tanganyika and Victoria and became the first white people to encounter the kingdoms of Buganda and Bunyoro Jeal weaves the story with authentic new detail and examines the tragic unintended legacy of the Nile search that still casts a long shadow over the people of Uganda and Sudan A fabulous story old fashioned epic adventure The Sunday Times Superb narrative a must read for anyone hoping to understand the internal dynamics of modern state building in central Africa Booklist **The Dark Continent?** Frits Andersen,2015-12-31 Africa a forgotten continent that evades all attempts at control and transcends reason Or does it This book describes Europe s image of Africa and relates how the conception of the Dark Continent has been fabricated in European culture with the Congo as an analytical focal point It also demonstrates that the myth was more than a creation of colonial propaganda the Congo reform movement the first international human rights movement spread horror stories that still have repercussions today The book cross examines a number of witness testimonies reports and novels from Stanley s travelogues and Conrad s Heart of Darkness to Herge s Tintin and Burroughs Tarzan as well as recent Danish and international Congo literature The Dark Continent proposes that the West s attitudes to Africa regarding free trade emergency aid and intervention are founded on the literary historical

assumptions of stories and narrative forms that have evolved since 1870

**Travellers in Africa** Tim Youngs, 1994 Works of travel have been the subject of increasingly sophisticated studies in recent years This book undermines the conviction with which nineteenth century British writers talked about darkest Africa It places the works of travel within the rapidly developing dynamic of Victorian imperialism Images of Abyssinia and the means of communicating those images changed in response to social developments in Britain As bourgeois values became increasingly important in the nineteenth century and technology advanced the distance between the consumer and the product were justified by the scorn of African ways of eating The book argues that the ambiguities and ambivalence of the travellers are revealed in their relation to a range of objects and commodities mentioned in narratives For instance beads occupy the dual role of currency and commodity The book deals with Henry Morton Stanley s expedition to relieve Emin Pasha and attempts to prove that racial representations are in large part determined by the cultural conditions of the traveller s society By looking at Joseph Conrad s Heart of Darkness it argues that the text is best read as what it purports to be a kind of travel narrative Only when it is seen as such and is regarded in the context of the fin de siecle can one begin to appreciate both the extent and the limitations of Conrad s innovativeness
