## Star Sight:

**The StarSight Project** S. P. Perone, 2002-11 A horrible terrorist strike referred to as Operation Deadly Rain by the al Qaeda is about to be launched against the United States during the holiday season with perhaps hundreds of thousands of lives at stake An artificial intelligence program is nearly completed that might predict in advance when where and how this attack might occur When the CIA receives fragmentary warnings of the upcoming attack the university researchers secretly developing this program called StarSight are abruptly plucked from their comfortable academic posts and thrust into the frontline of the war on terrorism The stage is set for savage conflict Professor Tony Shane his beautiful research associate Sarah and a handful of university co workers are condemned by their academic colleagues for conducting a secret project for the CIA At the same time they are exposed to deadly attempts by terrorist agents to sabotage their work Unknown to the CIA and Senator Moorhouse who is coordinating the StarSight project the person responsible for Deadly Rain and ruthlessly attempting to terminate StarSight is himself a wealthy and respected American citizen and close friend of the Senator and his wife With political intrigue permeating university and government circles alike this adventure takes the reader from the comfort of the halls of ivy to the exotic settings of San Francisco Zurich Washington and the Italian Riviera Despite the personal trials of the researchers politicians and terrorists that unfold during this pre holiday period the purposeful efforts of the StarSight team to prevent the terrorist attack build to a heart stopping climax
